Water Trails & Greenways

Vision: The water trails and greenways of Greater Des Moines will be a natural haven, healthy ecosystem, signature recreational destination, economic driver, and community focal point that welcome people of all ages, abilities, interests, incomes, and cultures to connect with their rivers, creeks and greenways.

Mission: Ever mindful of future generations, our mission is to cooperate across political boundaries, cultures and recreational uses to accentuate and enhance the region’s water trails and greenways to realize their immense potential as a multifaceted centerpiece for a vibrant and dynamic region.

dmampo.org/water-trails
Floodplain Protection

- 27% of Raccoon River floodplain is protected
- 41% of Walnut Creek floodplain is protected
- 1% of the North River floodplain is protected
- 14% of Fourmile Creek floodplain is protected
- 75% of Des Moines River floodplain is protected

dmampo.org/water-trails
Maintenance: Logjams, Land Management, Flood Resilience

dmampo.org/water-trails
Shoreline Restoration & Watershed Improvements

dmampo.org/water-trails
Downtown Considerations

- Water levels: low-flow pool need to match flash board water levels
- Consensus: dams should be mitigated
- Edge treatment: more habitat, less formal
- Channel treatment: full spectrum of experiences
- Historic nature of balustrades
- Below dams: fishing/birding important

dmampo.org/water-trails
Next Steps

• Gather feedback this summer – including feedback from council, boards, etc.
• MPO Board vote on final master plan – fall 2016
• Request each city adopt the plan
• Phase I Implementation
