June 2018
Item No. 6

ISSUE: United Way Better Block Pilot

PRESENTATION: Representatives from the United Way will present on the collaboration with the MPO on a proof-of-concept effort to test Better Block tools in the Des Moines region.

BACKGROUND:

As part of the MPO Speaker Series, Jason Roberts of the Better Block Foundation shared a successful approach to transportation and land use changes and community engagement through the use of low-cost, temporary materials to help neighborhoods envision public space differently.

Following the event, United Way of Central Iowa approached the MPO for assistance in trying out the Better Block toolkit for a Highland Park neighborhood event. The MPO used this opportunity as part of a proof-of-concept initiative to see if there would be interest and value in incorporating Better Block ideas into local transportation and land use challenges.

MPO staff will report out on initial impressions to the Technical and Executive Committees, while Elizabeth Buck and Seth Johnson of United Way will present their experience to the Policy Committee.

RECOMMENDATION:

None. Report and discussion only.

June 2018
Item No. 7

ISSUE: FFY 2019-2022 Transportation Improvement Program Draft

REPORT and VOTE: Report regarding the draft Federal Fiscal Years 2019-2022 Transportation Improvement Program; consider approval.

BACKGROUND:

The MPO staff is required to develop a four-year Transportation Improvement Program (TIP) by updating the current TIP for the MPO. The purpose of the TIP is to list all projects in the MPO planning area proposed to receive federal funding and scheduled to begin within the next four federal fiscal years.

The MPO staff requested that MPO member governments and participating agencies review and report any project changes, new projects, or “roll-over” projects programmed in Federal Fiscal Year (FFY) 2018, 2019, 2020, 2021, and/or 2022. Staff developed the project listing for the FFY 2019-2022 TIP with the information provided by the member governments.

The MPO staff will submit the FFY 2019-2022 TIP draft to the Iowa Department of Transportation (DOT) and Federal Highway Administration for review and comment on June 15, 2018. Staff will incorporate any comments received into the final draft. The final FFY 2019-2022 TIP is due to the Iowa DOT by July 15, 2018.

The MPO’s Public Participation Plan requires the FFY 2019-2022 TIP to undergo a 45-day comment period and have a stand only public input meeting. Staff has scheduled a public input meeting at 5:00 p.m. on Tuesday, June 19, 2018, at the MPO office.

[The draft FFY 2019-2022 Transportation Improvement Program is available on the MPO website \(click to access\).](#)

Note that the implementation of the federal-aid funding swap will begin with the FFY 2019-2022 TIP. To allow projects funded with Surface Transportation Block Grant (STBG) funds awarded by the MPO to be swapped with state funds, the Iowa DOT has asked the MPO to identify projects from the Iowa DOT’s project list that should use the MPO’s federal funding. After reviewing the Iowa DOT’s project listing, MPO staff selected the following Iowa DOT projects to use the MPO’s STBG funds in exchange for state funds and have reflected this swap in the draft FFY 2019-2022 TIP:

- I-80 from Douglas Ave to 100th Street (part of the I-80/35/141 reconfiguration) – FFY 2019/20
- US 69 from I-80 to SW 33rd Street – FY 2021
- I-80/35/235 Interchange on NE Side of Des Moines – FY 2022

RECOMMENDATION:

Approve the draft *Federal Fiscal Year 2019-2022 Transportation Improvement Program* and forward to the Iowa DOT for their review.

June 2018
Item No. 8

ISSUE: Des Moines Transload Facility Agreement

REPORT: Consider approval of the sub-agreement between the MPO and Des Moines Transloading, LLC, for the \$1.7 million in Railroad Revolving Loan and Grant Funds from the Iowa DOT.

BACKGROUND:

The MPO has executed a Railroad Revolving Loan and Grant Program Agreement with the Iowa DOT for a loan of \$1.7 million to be used in the development of a transload facility in Des Moines. The MPO will be the borrower and act as a pass-through entity for the selected transload facility Operator, Des Moines Transload Services, LLC. The loan is to be repaid in ten years at zero interest. The MPO will receive compensation for its participation and monitoring loan advances.

Negotiations have been on-going to finalize a Transload Development and Operations Agreement with the Operator that will avoid exposing the MPO to potential liability for the loan repayment. The Operator is purchasing the site on contract from the City of Des Moines, subject to a variety of performance monitoring covenants and conditions. More recently, the City of Des Moines has been involved in the negotiations.

An agreement in principle appears to have been accomplished, subject to proper documentation and concurrence by the MPO, the Operator, and the City of Des Moines. The agreement in principle is as follows:

1. Steve Braithwaite, the owner of the Operator, will personally guarantee the performance of the Operator and the repayment of the Iowa DOT loan.
2. The Operator will pledge the facility and improvements as collateral security.
3. If the Operator were to default, The MPO would assign its position to the City of Des Moines and the City of Des Moines would be responsible for loan repayment and for pursuing all available remedies against the Operator and Steve Braithwaite.
4. Any loss incurred by the City of Des Moines would be reimbursed using "excess" STBG funds.

The City of Des Moines is taking up the agreement at their June 11, 2018, council meeting.

RECOMMENDATION:

None. Report and update only.

June 2018
Item No. 9

ISSUE: Greater Des Moines Water Trails

REPORT: Presentation of findings from the Water Trails Engineering Feasibility Study.

BACKGROUND:

The Water Trails Engineering Feasibility Study, which the MPO has facilitated over the last 18 months, is nearing a close. The study includes two parts: a downtown component that focused on the three low-head dams in downtown Des Moines, and a regional component that examined approximately 80 sites outside of downtown. Deliverables available to date can be found at <https://dmampo.org/water-trails-engineering-study/>.

A final round of public meetings to review the findings is scheduled for June 21 with meetings from noon-1:30 p.m. and 5:00-6:30 p.m.; both meetings will be in the Des Moines Register Community Room in the Capital Square Building., 400 Locust Street, Des Moines.

At the June 13 Executive Committee meeting, MPO staff will review the findings of the engineering feasibility study and discuss next steps for the project.

RECOMMENDATION:

None. Report and discussion only.

June 2018
Item No. 10

ISSUE: MPO Performance Survey

REPORT: The MPO Performance Survey will be conducted this summer.

BACKGROUND:

In late 2015 and early 2016, the first-ever MPO Performance Survey was conducted among MPO member governments. The goal was to establish baseline metrics that MPO staff could use to evaluate the effectiveness of its service to member governments. The original survey was conducted by Deibler and Associates.

Now, two years later, it is time again to measure the MPO's effectiveness. The follow-up MPO Performance Survey will be conducted this summer by Deibler and Associates.

RECOMMENDATION:

None. Report and discussion only.

June 2018
Item No. 11

ISSUE: Leasing Additional Space from Knapp Properties

REPORT: Discussion regarding the additional space available adjacent to the MPO office.

BACKGROUND:

Knapp Properties is currently listing the vacant space directly south of the MPO office. This space consists of 2,576 square feet of leasable space. The space is leasing at approximately \$3,090 per month.

The MPO has been approach by several small non-profit organizations that would be interested in subleasing the space if the MPO were to take on the lease. This topic was mention at the January Executive meeting and being brought back for further discussion and consideration.

RECOMMENDATION:

None. Report and discussion only.
