ISSUE: Water Investment Mapping Project

REPORT: Report on MPO’s effort to map regional water investments.

BACKGROUND:

Throughout the Des Moines metro there are multiple efforts targeting water issues; water trails, watershed management, flood mitigation, stormwater improvements, green infrastructure, water quality testing, etc. In an effort to organize the many water investments happening region wide, MPO staff has developed an online mapping tool for jurisdictions to input details about their contributions to these regional efforts.

Additional information about this online mapping tool will be shared at the December meeting.

RECOMMENDATION:

None. Report and discussion only.

ISSUE: DRAFT 2019 Central Iowa Trail Condition Report

REPORT: Report on the process and findings of the 2019 Iowa Data Bike data collection effort

BACKGROUND:

The MPO’s Data Bike Program has been developed to utilize a bike-based data collection system that provides comprehensive trail roughness information for the over 600 plus miles of trails within Central Iowa. In 2018 the MPO produced a report of trail conditions from a data collection effort in 2017 (click to access report from the MPO’s website).

During the summer and fall of 2019, the MPO staff conducted another round of data collection on approximately 112 miles of more highly used trails and the Downtown Des Moines on-street bike facilities. Over 31,400 photos of the trail surface, and more than 1,400 photos for Google Street View were also collected.

The process and finding from the recent data collection are summarized in the draft 2019 Central Iowa Trail Conditions Report. The draft report is available for review on the MPO website (click to access).

RECOMMENDATION:

None. Report and discussion only.
