The Des Moines Area Metropolitan Planning Organization (MPO) has prepared this document with partial funding from the United States Department of Transportation’s Federal Highway Administration and Federal Transit Administration, and in part through local matching funds provided by the Des Moines Area MPO member governments. These contents are the responsibility of the Des Moines Area MPO. The United States Government and its agencies assume no liability for the contents of this report or for the use of its contents.

The Des Moines Area MPO receives federal funding and may not discriminate against anyone on the basis of race, color, or national origin, according to Title VI of the Civil Rights Act of 1964. For more information or to obtain a Title VI Complaint form, call 515-334-0075.

Introduction

The *Fiscal Year 2022 Unified Planning Work Program and Budget* (FY 2022 UPWP) is the Des Moines Area MPO's work plan for the fiscal year beginning July 1, 2021 and ending June 30, 2022. The FY 2022 UPWP identifies planning activities completed in the prior fiscal year, and documents all planning activities and anticipated work products for the current fiscal year. In addition, the FY 2022 UPWP also documents the Des Moines Area MPO's costs to support the fiscal year planning activities and work products.

The work activities outlined within the FY 2022 UPWP support federal requirements placed on MPOs and respond to planning issues affecting the region. The MPO will work to implement *Mobilizing Tomorrow*, the MPO's long-range transportation plan adopted in 2019, as well as *The Tomorrow Plan* adopted in 2013. These implementation efforts include continued assistance with local complete street efforts, development of best practices on transportation and land use planning coordination, implementing a regional water trails and greenways plan, and continuing to partner with public health organizations to ensure health in all policies. Additional activities to be conducted will include supporting sub-area and corridor studies throughout the region, evaluating transportation needs and resources, collecting data on trail conditions and usage, developing a freight transload facility, and programming federal funding to projects.

MPO History

Greater Des Moines has joined together for decades to use resources effectively and to position the region to thrive economically, environmentally, and socially. Our leaders have long recognized the importance of working at the regional level, especially when it comes to transportation.

In 1964, the Des Moines Urbanized Area Transportation Study was initiated through a cooperative agreement between local officials and the Iowa Highway Commission. In 1965, the Central Iowa Regional Planning Commission (CIRPC) formed in response to a need for an area-wide transportation planning organization.

In 1972, CIRPC and seven local governments entered into a cooperative agreement for continuing transportation planning. The following year, in 1973, CIRPC restructured as the Central Iowa Regional Association of Local Governments (CIRALG). By 1979, CIRALG's membership included eight central Iowa counties and about eighty cities.

CIRALG dissolved in the early 1980's. In 1983, the Des Moines Area Transportation Planning Committee (DMATPC), previously part of CIRALG, was designated as the MPO for central Iowa. The DMATPC contracted with the City of Des Moines for staff support.

A decade later, in 1993, the DMATPC restructured once again as the Des Moines Area MPO, hiring its own staff. In July 2013, the MPO celebrated the thirtieth anniversary of regional transportation planning in Greater Des Moines.

Legal Authority

Since the Federal-Aid Highway Act of 1962, MPOs have been required by federal law in urbanized areas with a population greater than 50,000 and are supported through federal funds. The Des Moines Area MPO acts as the formal transportation body for the greater Des Moines metropolitan area, carrying out the intent of Title 23 of the U.S. Code of Federal Regulations (CFR), Part 450. In 1983, the Governor of Iowa designated the Des Moines Area MPO (then called the Des Moines Area Transportation Planning Committee) as the official MPO for the Des Moines Urbanized Area, as defined by the U.S. Census Bureau. The Des Moines Area MPO functions as a Transportation Management Area as well, as it exceeds the population threshold of 200,000 persons established in 23 CFR 450.104. The U.S. Department of Transportation (DOT) reviews and certifies the Des Moines Area MPO every four years.

The Des Moines Area MPO is organized as a separate legal entity pursuant to the provisions of Chapter 28E of the Iowa Code. Its 28E agreement outlines requirements for membership and representation, and its bylaws outline duties of committees, the process for electing officers, and the role of the Executive Director.

Purpose and Responsibilities

The Des Moines Area MPO's mission is to advance a safe, effective, fully integrated multi-modal transportation system that supports economic development, protects natural assets, and enhances overall quality of life. It provides a regional forum to assure local, state, and federal agencies and the public coordinate transportation planning issues and prepare transportation plans and programs. The Des Moines Area MPO develops both long-range and short-range multimodal transportation plans, selects and approves projects for federal funding based on regional priorities, and develops ways to manage traffic congestion.

Transportation planning includes various activities. Some of these are led by the MPO, while others are led by other entities.

What the MPO Does

1. Identify short- and long-range multimodal transportation needs;
 2. Analyze and evaluate transportation improvements;
 3. Provide technical and policy guidance to member communities;
 4. Estimate future traffic volumes;
 5. Inform the public about planning activities;
 6. Study the movement of traffic along major corridors; and
 7. Conduct planning studies.
- 

What the MPO Does NOT Do

1. Road/bridge design, construction, and repair;
2. Enforce traffic laws;
3. Trail construction and maintenance;
4. Transit operations; and
5. Land use planning and zoning.

Operational Structure

Planning Area

The Des Moines Area MPO is responsible for these transportation planning activities within a geographic area identified as the Metropolitan Planning Area (planning area). Figure 1 displays the Des Moines Area MPO's MPA. The Des Moines Area MPO approved its current planning area on October 18, 2018. The planning area includes portions of Dallas, Madison, Polk, and Warren Counties, and includes, at a minimum, the anticipated urbanized area for *Mobilizing Tomorrow's* Horizon Year (HY) 2050.

Figure 1: Des Moines Area MPO's Planning Area

Membership

Per the Des Moines Area MPO's 28E agreement, voting membership is open to any county or city government located, wholly or partially, in the designated planning area containing a minimum population of 3,000 persons that adopts the Des Moines Area MPO's 28E Agreement. Currently, Des Moines Area MPO membership includes the following cities and counties:

- | | | |
|---|--|---|
| <ul style="list-style-type: none"> • City of Altoona • City of Ankeny • City of Bondurant • City of Carlisle • City of Clive • City of Des Moines • City of Grimes • City of Johnston | <ul style="list-style-type: none"> • City of Mitchellville • City of Norwalk • City of Pleasant Hill • City of Polk City • City of Urbandale • City of Waukee • City of West Des Moines | <ul style="list-style-type: none"> • City of Windsor Heights • Dallas County • Polk County • Warren County • Des Moines Area Regional Transit Authority (DART) |
|---|--|---|

Two entities within the planning area, the City of Cumming and Madison County, fall below the minimum population threshold for full membership and are associate members. Associate membership allows a non-voting representative to participate actively in the transportation planning process and is available to all governments within the planning area that do not meet the minimum population threshold for full membership. Additionally, governments outside the planning area, but within the eight-county region of central Iowa, are able to petition for associate membership. Associate members are not eligible for federal funding awarded through the Des Moines Area MPO. The Cities of Elkhart, Indianola, and Van Meter are outside the Des Moines Area MPO's planning area and are associate members of the organization.

The Iowa Department of Transportation (DOT), the Des Moines International Airport (DSM), the Federal Highway Administration (FHWA), the Federal Transit Administration (FTA), and the Heart of Iowa Regional Transit Agency (HIRTA) serve as advisory, non-voting, representatives to the Des Moines Area MPO.

Representation and Voting

Population determines representation on the Des Moines Area MPO's Technical, Executive, and Policy committees. Each member government within the planning area over a minimum population receives at least one vote. DART also receives one voting representative. Members also receive additional representatives for every 50,000 in population. Members over 50,000, plus Polk County, receive automatic representation on the Executive Committee. Population is determined by the annual population estimate produced by the US Census Bureau.

Decision-Making Structure

Three designated committees form the structure of the Des Moines Area MPO: the Technical Committee, the Executive Committee, and the Policy Committee. The Des Moines Area MPO member governments' and agencies' boards and councils appoint their respective representatives to these committees. See Appendix A for list of committee representatives.

Figure 2: Des Moines Area MPO Committee and Structural Organization Chart

The Des Moines Area MPO Technical Committee is comprised primarily of representatives of member governments' and participating agencies' technical staffs, including planners, engineers, and city administrators. The Des Moines Area MPO Policy Committee is comprised primarily of county supervisors, mayors, city council members, and city managers. The Executive Committee is comprised of 11 Policy Committee representatives. Member communities over 50,000, plus Polk County, receive automatic representation on the Executive Committee, with the City of Des Moines receiving two representatives. Members under 50,000 are organized into one of three geographic subareas (East Subarea, Northwest Subarea, and Southwest Subarea). Each subarea has five member governments, and the members within each subarea select two representatives to serve on the Executive Committee. The Des Moines Area MPO annually elects a chair, vice-chair, and a secretary/treasurer from among its Executive Committee representatives.

The Des Moines Area MPO Technical Committee offers technical guidance and recommendations to the Executive Committee. The Executive Committee then offers recommendations to the Policy Committee, based on the Technical Committee’s recommendations, before the Des Moines Area MPO Policy Committee takes formal actions on issues. Des Moines Area MPO Technical Committee representation differs from the Policy Committee in that DSM and HIRTA are voting members on the Technical Committee.

Additionally, the Des Moines Area MPO establishes and supports, as needed, other subcommittees, roundtables, working groups, and advisory committees on various issues relevant to the Des Moines Area MPO's responsibilities. The Des Moines Area MPO requests stakeholder organizations and citizens to serve on these committees, as appropriate. As part of an adopted public participation process, the Des Moines Area MPO strongly encourages input and communication from citizens. The Des Moines Area MPO staff supports the various committees.

Figure 3: Des Moines Area MPO Staff Organization Chart

UPWP Development Process

The Des Moines Area MPO begins development of the UPWP in January of each year through discussions with the Executive Committee and Planning Subcommittee. These initial discussions include a review of federally-required activities, the planning factors required by MPOs as outlined in US Code, goals set forth in the long-range transportation plan, and goals and strategies outlined in the MPO's strategic plan. Proposals from Des Moines Area MPO staff and member communities regarding priority activities for the coming year are also discussed. Similar discussions then take place in February with the Des Moines Area MPO's Technical Committee and Policy Committee, followed by the review and approval of a draft UPWP and budget at the March meetings of the Technical, Executive, and Policy Committees.

Following approval of the draft UPWP and budget, the Des Moines Area MPO forwards the draft document to the Iowa DOT, FTA, and FHWA for their review and comment. Des Moines Area MPO staff makes any changes necessary to the document and budget and then presents a final document and budget for the Des Moines Area MPO's committees to consider at their May meetings. The approved UPWP and budget are provided to the Iowa DOT, FTA, and FHWA. Following final review, FHWA and FTA grant final approval for the Des Moines Area MPO to carry out activities included in the UPWP. Additionally, the Iowa DOT and the Des Moines Area MPO enter into a joint planning agreement prior to the start of any activities.

Amending and Revising Procedures

The Des Moines Area MPO may need to make amendments or revisions to this UPWP from time to time. When doing so, the Des Moines Area MPO will consider the administrative rules outlined by 2 CFR 200 and FTA Circular 5010.1C. Revisions to request additional federal funding, to transfer funds among work categories which exceed 10 percent of the total work program budget, revising the scope or objective of activities, transferring work to a third party, transferring funds allotted for training allowances, or purchasing additional equipment not documented in the UPWP all require approval from FHWA/FTA. Transferring funds among work categories which do not exceed 10 percent of the total work program budget require Iowa DOT approval. Changes to extend project time lines or staff hours require approval only of the Des Moines Area MPO and are deemed revisions.

If the Des Moines Area MPO determines an amendment is necessary, it will follow the guidelines set forth in the PPP and the procedures required by the Iowa DOT, FHWA, and FTA. All amendments require action from the Des Moines Area MPO and are subject to final approval by Iowa DOT and/or FHWA/FTA. These procedures include approval by the Des Moines Area MPO's Policy Committee and forwarding requests electronically to the Iowa DOT's Bureau of Systems Planning and the District 1 Planner. The requests must include a resolution or meeting minutes showing the Des Moines Area MPO's approval, a budget summary table highlighting any budgetary changes, and modified sections of the plan's work elements.

Requirements

As noted previously, the Des Moines Area MPO provides a forum for local, state, and federal governmental entities, as well as the public and other interested regional partners, to plan the region's transportation system. To this end, the Des Moines Area MPO is required by federal regulations to produce certain work products and strive towards the planning factors outlined in US Code and the latest transportation legislation. This section details those required work products.

Long-Range Transportation Plan

A Long-Range Transportation Plan (LRTP) must be updated, at a minimum, every five years. The plan must cover no less than a 20-year planning horizon and includes both projects and policies to undertake during that timeframe. Transportation projects must be identified in the plan to be considered for federal funding. Additionally, the LRTP must include:

- Projected transportation demand of persons and goods;
- Existing and proposed transportation facilities;
- Operational management strategies;
- Consideration of the congestion management process;
- Assessments of capital investments;
- Design concept and scope descriptions of existing and proposed transportation facilities;
- Types of environmental mitigation activities and potential areas to carry out these activities;
- Pedestrian walkway and bicycle facilities;
- Transportation and transit enhancement activities; and
- A financial plan.

The Des Moines Area MPO's current LRTP – Mobilizing Tomorrow – was adopted in November 2019.

Transportation Improvement Plan

The Des Moines Area MPO is required to develop a Transportation Improvement Program (TIP), which is to list all projects that will be implemented using Federal funds within the TIP's timeframe. The Des Moines Area MPO's TIP covers a period of no less than four years and is updated annually for compatibility with the Statewide Transportation Improvement Program development and approval process.

Unified Planning Work Program

The required Unified Planning Work Program (UPWP) represents the annual scope of work and budget for the Des Moines Area MPO's activities. Planning funds provided by the U.S. DOT and matching funds collected through member governments' assessments, as well as any special grants received, are used to develop the organization's budget

Public Participation Plan

MPOs are required to develop a Public Participation Plan (PPP) to ensure that the public is adequately involved in the regional transportation planning process. The Des Moines Area MPO's PPP, updated in April 2021, outlines the Des Moines Area MPO's public outreach efforts. The Des Moines Area MPO engages the public through three primary components: public meetings, publications, and web-based technologies.

The Des Moines Area MPO schedules public input meetings to provide information to the public and to solicit public review and comment on Des Moines Area MPO documents and member government and agency projects.

The Des Moines Area MPO also provides for public input through periodic newsletters and press releases as well as through web-based technologies including:

- Website, www.dmampo.org;
- www.facebook.com/dmampo;
- LinkedIn, www.linkedin.com/company/des-moines-area-metropolitan-planning-organization; and,
- Twitter, www.twitter.com/dmampo.

Passenger Transportation Plan

The Des Moines Area MPO is required to develop a Passenger Transportation Plan (PTP) at least once every five years. The PTP is a coordinated public transportation and human services plan with the purpose of improving transportation for persons with disabilities, low income populations, the elderly, and others who may have mobility constraints. The PTP identifies mobility needs, identifies possible solutions, and justifies the use of certain state and federal transit funding. The Des Moines Area MPO's PTP was last updated in May 2018.

Congestion Management Process

The Des Moines Area MPO's status as a Transportation Management Area (as an urban area with a population over 200,000) requires that it maintain a Congestion Management Process (CMP). The CMP identifies the metropolitan area's congestion issues, outlines a process to monitor congestion, and proposes a catalog of strategies and initiatives to manage congested areas. The Des Moines Area MPO's CMP was updated in November 2019.

Awarding of Federal Funds

One of the Des Moines Area MPO's primary responsibilities is the allocation of certain federal transportation funds that are provided by the U.S. DOT to MPOs. There are two main types of funds that are awarded annually by the Des Moines Area MPO – Surface Transportation Block Grant (STBG) funds and STBG Set-Aside (TAP) funds. STBG funds are intended to preserve and improve the conditions and performance on any Federal-aid highway, bridge, public road, pedestrian and bicycle infrastructure, and transit capital projects. TAP funds are used to support on- and off-road pedestrian and bicycle facilities, infrastructure projects for improving non-driver access to public transportation, environmental mitigation, and safe routes to school projects

The Des Moines Area MPO annually receives from the U.S. DOT approximately \$13 million in STBG funds and another \$1.5 million in TAP funds, both of which are awarded to member communities for regional transportation projects. This process begins with an application open to the Des Moines Area MPO's member governments, followed by project scoring and presentations of eligible projects, and concludes with a selection of projects to receive funding. Recent state legislation allows for STBG funds used for certain roadway and bridge projects to be swapped with state funds, and the MPO works with the Iowa DOT and project sponsors to determine which projects will be swapped. Projects receiving federal funds are reflected in the TIP. The Des Moines Area MPO is also involved with other federal funds, such as recommendations for annual appropriations. The TIP provides a listing of the various funding programs that assist with funding of transportation projects.

Decision Making Structure

MPOs are required to maintain a formal decision-making structure, including hosting technical and policy committees comprised of community representatives. The MPO's decision-making structure is outlined on page 7.

Planning Factors

The planning process undertaken by MPOs are guided by planning factors outlined in US Code. MPOs are required to provide for the consideration of projects and strategies that will:

- Support economic vitality.
 - Increase safety of the transportation system.
 - Increase the security of the transportation system.
 - Increase the accessibility and mobility of people and freight.
 - Protect and enhance the environment and promote conservation.
 - Enhance the integration and connectivity of the system across and between modes.
 - Promote efficient system management and operations.
 - Emphasize the preservation of the existing transportation system.
- 

- Improve the resiliency and reliability of the transportation system and reduce or mitigate stormwater impacts of surface transportation.
- Enhance travel and tourism

Self-Certification

The MPO must self-certify that it's planning process complies with several federal requirements, including:

- [23 U.S.C. 134](#) and 135, [49 U.S.C. 5303](#) and 5304, and this part;
- Title VI of the Civil Rights Act of 1964, as amended ([42 U.S.C. 2000d-1](#)) and [49 CFR part 21](#);
- [49 U.S.C. 5332](#), prohibiting discrimination on the basis of race, color, creed, national origin, sex, or age in employment or business opportunity;
- Section 1101(b) of the FAST Act ([Pub. L. 114-357](#)) and [49 CFR part 26](#) regarding the involvement of disadvantaged business enterprises in DOT funded projects;
- [23 CFR part 230](#), regarding implementation of an equal employment opportunity program on Federal and Federal-aid highway construction contracts;
- The provisions of the Americans with Disabilities Act of 1990 ([42 U.S.C. 12101 et seq.](#)) and [49 CFR parts 27](#), 37, and 38;
- The Older Americans Act, as amended ([42 U.S.C. 6101](#)), prohibiting discrimination on the basis of age in programs or activities receiving Federal financial assistance;
- [23 U.S.C. 324](#), regarding the prohibition of discrimination based on gender; and
- Section 504 of the Rehabilitation Act of 1973 ([29 U.S.C. 794](#)) and [49 CFR part 27](#) regarding discrimination against individuals with disabilities.

The MPO underwent its quadrennial federal certification review in April 2017 and was found to be in compliance with these federal requirements. The next certification review is scheduled for April

Performance-Based Planning Process

Beginning in 2012 with the passage of the Moving Ahead for Progress in the 21st Century (MAP-21) Act and maintained with the 2015 passage of the Fixing America's Surface Transportation System (FAST) Act, MPOs must now follow a performance-based planning process. This process includes working collaboratively with the DOT and transit authorities to collect and share performance data, set performance targets and goals for the transportation system, and reporting on progress towards achieving set targets. The MPO has a performance management agreement with the Iowa DOT, which can be found in Appendix F. The MPO also updated its memorandum of understanding with DART in February 2019 to address the performance-based planning process, among other updates.

Planning Issues in the Region

As the Des Moines Area MPO prepares its annual work program it must understand the issues that influence transportation planning in the region. Long-range plans provide a vision and broad goals the region seeks to achieve, which in turn shape the Des Moines Area MPO's activities. The annual work program also is shaped by ongoing planning efforts, major projects under study or construction, issues related to transportation funding, and legislation, among others. The following describes these issues in more detail.

The Tomorrow Plan and Mobilizing Tomorrow

In November 2013, the Des Moines Area MPO approved The Tomorrow Plan, which had been under development since 2010. Many of The Tomorrow Plan's strategies and initiatives impact transportation directly (such as promoting additional opportunities for public transportation, bicycling, and walking) or indirectly (such as promoting land uses patterns that result in more efficient infrastructure development).

On the heels of The Tomorrow Plan's development, the Des Moines Area MPO updated its long-range transportation plan. Mobilizing Tomorrow, the 2050 long-range transportation plan, was approved in November 2014 and updated in 2019. Mobilizing Tomorrow includes goals, objectives, measures, and strategies to achieve the transported-related elements outlined in The Tomorrow Plan. Mobilizing Tomorrow's goals include:

- Manage and optimize transportation infrastructure and services
- Enhance multimodal transportation options
- Improve the region's environmental health
- Further the health, safety, and well-being of all residents in the region.

The Des Moines Area MPO continues to monitor performance measures identified in the plan to achieve identified targets and goals, implement best practice recommendations, and complete projects included in the plan. In 2016 a team from the MPO participated in Transportation for America's Leadership Academy, which focused on performance measurement. In 2017 the MPO received additional technical assistance from Transportation for America on performance measurement, particularly with respect to adding equity and economic development measures and refining the MPO's project scoring process. The MPO completed an update to Mobilizing Tomorrow in November 2019 that incorporated many of the lessons learned from the Transportation for America assistance. Moving forward the MPO will work to implement the projects, strategies, and policies identified in Mobilizing Tomorrow.

Transportation System Optimization

Previous transportation bills, as well as the current transportation bill – Fixing America’s Surface Transportation Act (FAST) – outline the need for regions to manage and optimize the existing transportation system. Mobilizing Tomorrow incorporates this direction, placing increased emphasis on opportunities to maintain the current system and less emphasis on expanding the system. In FY 2015, the Des Moines Area MPO began to collect and analyze information related to bridge and pavement condition information, demonstrating costs necessary to maintain the system to desired levels when possible. This type of analysis is ongoing.

In FY 2019 the Des Moines Area MPO added a Smart Cities Roundtable to its organizational structure. The roundtable’s goal is to help prepare the region for emerging technologies and to use Intelligent Transportation System (ITS) and other congestion management techniques to improve and optimize the transportation system. Also, in FY 2019 Iowa DOT launched an Integrated Corridor Management (ICM) effort in the Des Moines metropolitan area which the Des Moines Area MPO and its member governments have supported. As noted on the Iowa DOT’s Des Moines ICM website, “the ICM concept provides a framework for coordinating among various modes of transportation and jurisdictions to deliver a safer, more reliable, and more convenient transportation system in a more cost-effective manner compared to adding more lanes.” This effort will conclude in FY 2020, after which the Des Moines Area MPO will work to amend results into Mobilizing Tomorrow.

In FY 2021 and FY 2022, the Des Moines Area MPO will work to update the region’s Intelligent Transportation System (ITS) Architecture. The ITS Architecture will support the Des Moines Area MPO’s CMP and the Iowa DOT’s ICM effort by providing an inventory of the region’s ITS network and identifying opportunities to further expand and integrate the network. These efforts will better enable the Des Moines Area MPO and its member governments to address transportation issues with lower-cost operational solutions as opposed to higher-cost capital solutions and integrate smart city solutions. The ITS effort coincides with similar efforts by the Iowa DOT, the City of Des Moines, and a coalition of western suburban communities.

Multimodal Opportunities

Mobilizing Tomorrow calls for increased transit ridership, additional bicycle lanes and trails, and higher commuting levels by biking, walking, transit, and carpooling. The Des Moines Area MPO intends to support these objectives by undertaking or participating in a variety of activities, particularly those related to Complete Streets, land use/transportation coordination, Safe Routes to Schools, and related efforts to reduce single-occupant vehicle trips.

Mobilizing Tomorrow and The Tomorrow Plan identified a number of best practices related to increasing multimodal transportation usage. Examples include transit supportive development guidelines, on-street bicycle facility standards, parking standards, and roadway design standards. The Des Moines Area MPO will continue to offer assistance to its member communities in incorporating these best practices.

Additionally, DART has initiated the update to its long-range service plan, DART Forward 2035. The Des Moines Area MPO will provide technical and policy assistance to DART, as needed, throughout this process. DART also continues to pursue the development of rapid transit service in the metro, which the Des Moines Area MPO will continue to support as needed.

Public Health

In FY 2015, the Des Moines Area MPO was awarded \$75,000 from the Wellmark Foundation support complete street efforts. The goal of the funding was to promote active transportation which would help improve public health. Funding from the Wellmark Foundation was set aside for project implementation and was matched with in-kind staff support from the Des Moines complete street research, analysis, and policy development. In FY 2016, the Wellmark Foundation grant helped to fund six quick-start implementation projects, and the Des Moines Area MPO's policy efforts helped aid the adoption of more local complete street policies by MPO member communities. Projects funded with the Wellmark Foundation grant were implemented in FY 2016 and FY 2017, and the Des Moines Area MPO will continue working with local communities on the adoption of complete street policies.

In FY 2016, the Des Moines Area MPO was awarded an additional round of \$75,000 in Wellmark Foundation funding. For this round, the Des Moines Area MPO has partnered with the Des Moines Public School District, the City of Des Moines, the Iowa Department of Public Health, and the Healthiest State Initiative to pursue Safe Routes to School solutions around three Des Moines schools. The team also attended a Step It Up Challenge event in Atlanta as part of this project. Work on this project will continue, with the Des Moines Area MPO seeking to do more holistic Safe Routes to Schools planning for school districts in the region.

Freight System Enhancement

Freight stakeholders have worked over the past few years to study the need for additional freight facilities in the metro area. In FY 2015, the Des Moines Area MPO commissioned the Des Moines Area Rail Port Study, which identified the feasibility of a transload facility along the Southeast Connector in Des Moines. The Des Moines Area MPO has received a \$1.7 million loan from the Iowa DOT through the Railroad Revolving Loan and Grant Program and an \$11.2 million BUILD grant from the US DOT to help construct the facility. In FY 2019, the Des Moines Area MPO worked with partners to select an operator for the facility. Construction of the facility will continue into FY 2021 and the Des Moines Area MPO will administer the Iowa DOT loan and BUILD grant throughout the process.

The Container Locator website continues to be a priority for the Des Moines Area MPO as well. The Des Moines Area MPO worked with CyBiz Labs at Iowa State University to develop the website, which launched publicly at the end of FY 2017. The Des Moines Area MPO worked through FY 2018 and 2019 to add capabilities to the site and to market the site to the freight

industry. This work will continue through FY 2021 and FY 2022 as the Des Moines Area MPO explores additional data sources to improve the website.

Environmental Health

The Des Moines Area MPO has become more involved in environmental-related initiatives in recent years. Over the last few years, the Des Moines Area MPO participated in activities of Watershed Management Authorities, directly leading efforts for the Walnut Creek Watershed and helping to facilitate regional coordination among the watershed management authorities. Since FY 2017, the Polk Soil and Water Conservation District and later Polk County, as the organization tasked with overseeing the administration of the existing WMAs in the Des Moines region, have contracted with the Des Moines Area MPO for continued policy and facilitation support.

The Des Moines Area MPO also has worked through its Environment Roundtable to bring environmental-related best-practices to its member governments. Examples include green streets, resource protection, and flood mitigation policies.

In FY 2015 the Iowa Department of Natural Resources (IDNR) contracted with the Des Moines Area MPO to develop a water trails plan for Des Moines metropolitan area. This plan identifies opportunities for increased water access and enhancing citizen experiences in and along urban water ways. The Greater Des Moines Water Trails and Greenways Plan was adopted by the Des Moines Area MPO in November 2016. The Des Moines Area MPO administered an engineering feasibility study, which concluded in FY 2019, to help refine costs for the plan's recommendations. In FY 2020, the Des Moines Area MPO, on behalf of a larger Central Iowa Water Trails consortium, received a \$25 million BUILD grant for a component of the downtown water trails project. The Des Moines Area MPO is working with regional partners to implement the project.

Data Collection, Analysis, and Modeling

The Des Moines Area MPO continues to expand its capabilities for collecting and analysis data to support the planning process. Since completing Mobilizing Tomorrow in 2014, the Des Moines Area MPO produces data reports on a regular basis for presentation to its committees and the public. This will continue in FY 2021 and FY 2022

In FY 2016 and continuing through FY 2018, the Des Moines Area MPO participated in the NHTS Add-On Program. This program, administered through FHWA, provided the Des Moines Area MPO will a wealth of data related to travel patterns in the metropolitan area. In particular, this data will support the region's travel demand model, which the Des Moines Area MPO continues to refine. In FY 2019, the Des Moines Area MPO began to analyze date from the NHTS and incorporate this data into its planning process and travel demand model. This will continue in FY 2021 and FY 2022.

With performance measure requirements prescribed in Moving Ahead for Progress in the 21st Century (MAP-21) that have continued in the FAST Act, the Des Moines Area MPO has placed increased emphasis on data collection and analysis. The Des Moines Area MPO recently purchased bicycle counters, which complement trail counters it already owned. In FY 2020 the Des Moines Area MPO will pilot the use of the bicycle counters in downtown Des Moines and will work to improve the existing trail count program. The Des Moines Area MPO also developed the Iowa Data Bike in FY 2018. This bicycle uses an electric-assist cargo bike equipped with an iPhone running software that collects pavement roughness, a camera that takes pictures of the trail surface, and a second camera that takes 360-degree pictures of the trail. The Iowa Data Bike allows for the collection of trail surface conditions which can then be analyzed to inform jurisdictions of trail maintenance needs and costs. The Des Moines Area MPO completed data collection of the system in FY 2019 and FY 2020 and produced trail condition reports. In FY 2022, the Des Moines Area MPO will continue to collect data to understand changes in trail surface condition, will seek to forecast trail-related maintenance needs to assist with member government budgeting, and will examine opportunities to refine the Iowa Data Bike's data collection capabilities.

Urban/Rural Issues

The region's growth continues to bring many opportunities yet also some challenges. These challenges may be further exacerbated following the 2020 Census which will redefine areas of Central Iowa designated as "urban" vs "rural". In particular, urban/rural definitions influence certain federal transportation funding, specifically transit funding, which may affect the service areas of DART and HIRTA. Additionally, projects such as the proposed designation of the US 65/Iowa 5 bypass to an interstate is complicated by conflicting urban and rural/agricultural interests. The Des Moines Area MPO will work to proactively identify and mitigate these issues over the coming years.

Planning Studies and Major Projects

The Des Moines Area MPO and its member governments routinely engage in sub-area and corridor studies for both new transportation facilities and improvements to existing facilities. Activities outlined in this UPWP related to long-range planning, data collection and analysis, travel demand modeling, and project programming, among others, help support these studies. Studies of regional significance that are ongoing or anticipated for the near future include the following:

- Southwest Infrastructure and Planning Study – study examining transportation and infrastructure needs in Southwest Des Moines.
- US 65/Iowa 5 Interstate Designation – effort to designate the US 65/Iowa 5 corridor between I-80 near Altoona and I-35 near West Des Moines to an interstate;
- ITS Plans – The City of Des Moines as well as a coalition of western suburban communities led by the City of West Des Moines are developing ITS plans. The City of Ankeny also is developing a traffic signal timing plan; and,

- DART Transit Optimization Study – long-range planning for public transportation in the DART service area, possibly including rapid transit services in the metro and entry into project development phase of FTA New Starts process.

Transportation Legislation and Funding

The Des Moines Area MPO is charged with providing a forum for its member governments to make decisions on how to use limited funding available for transportation. Legislation at the state and federal level affects the amount and type of funding available to the Des Moines Area MPO and its member governments, as well as the planning requirements that must be followed in order to use this funding. In 2012, Congress passed a new federal transportation bill, MAP-21. MAP-21 required that MPOs implement a performance-based planning process when making decisions on transportation investments. MAP-21 has been superseded by the FAST Act, yet performance measure requirements were retained in the new bill. As performance measure regulations are finalized the Des Moines Area MPO must ensure that it adapts to this performance-based process. Mobilizing Tomorrow included performance measures that likely will be required and the Des Moines Area MPO's funding guidelines were adjusted accordingly. However, the Des Moines Area MPO will continue to monitor requirements and make adjustments to review its funding guidelines as necessary.

The Des Moines Area MPO must also stay abreast of state and federal transportation funding programs. The US DOT BUILD program is one example of funding available to the Des Moines Area MPO and its member governments for transportation improvements. Because these funding opportunities are limited, the Des Moines Area MPO must work to ensure any projects that are submitted for applications are of the highest priority to the region, are justified through sound planning practices, and are included or amended into the Des Moines Area MPO's long-range transportation plan and Transportation Improvement Program.

Finally, discussion in Washington, D.C., regarding an infrastructure bill have picked up in early 2021. The Des Moines Area MPO will work with its member communities to convey to Congress how any proposed bills could affect the area and to prepare for any subsequent changes that might result from the passage of a bill.

Strategic Plan Implementation

The Des Moines Area MPO approved its first strategic plan in January 2018. The five-year plan outlines an overall direction for the organization and focuses on issues related to its core program, external relationships, governance, sustainability, communications, and organizational infrastructure. The six goals of the strategic plan are as follows:

1. Implement programs and services consistent with vision and mission to meet requirements, fulfill needs, and lead to a more unified vision and plan for the region.
 2. Develop and maintain mutually beneficial working relationships outside the MPO.
- 

3. Ensure all MPO members feel adequately represented in broad-based deliberations and decisions.
4. Maintain a financially sound, strategic, and adaptive organization.
5. Provide relevant and educational information commensurate with the expertise of the MPO.
6. Ensure organizational infrastructure to support MPO mission.

Planning Activities

This section details the planning activities that the Des Moines Area MPO will be involved in throughout FY 2022. There are six main work tasks, each of which corresponds to a Mobilizing Tomorrow goal, one of the ten planning factors, or a federal planning requirement. Figure 4 below summarizes these relationships. Additional tasks not shown in this figure, which do not use federal funds, reflect contracted planning assistance provided to other organizations.

		Task 1 Long-Range Planning	Task 2 Multimodal Planning	Task 3 Public Involvement	Task 4 Integrated Planning	Task 5 Funding	Task 6 Program Administration
Mobilizing Tomorrow Goals	Manage and optimize transportation infrastructure and services	X				X	X
	Enhance multimodal transportation options		X			X	X
	Improve the region’s environmental health				X	X	X
	Further the health, safety, and well-being of all residents in the region	X	X	X	X	X	X
Planning Factors	Support economic vitality	X	X		X	X	X
	Increase safety of the transportation system	X				X	X
	Increase the security of the transportation system	X			X	X	X
	Increase the accessibility and mobility of people and for freight		X			X	X
	Protect and enhance the environment and promote conservation				X	X	X
	Enhance the integration and connectivity of the system across and between modes		X			X	X
	Promote efficient system management and operations	X				X	X
	Emphasize the preservation of the existing transportation system	X				X	X
	Improve resiliency and reliability and reduce/mitigate stormwater impacts				X	X	
	Enhance travel and tourism	X	X		X	X	
MPO Requirements	Long-Range Transportation plan	X					X
	Transportation Improvement Program					X	X
	Unified Planning Work Program						X
	Public Participation Plan			X			X
	Passenger Transportation Plan		X				X
	Congestion Management Process	X					X
	Award Federal Funding					X	X
	Decision Making Structure						X

Figure 4: Des Moines Area MPO Activities and Requirements

Task 1: Long-Range Planning

Objectives: Maintain and update a long-range transportation plan that reflects the region’s vision and goals, is supported with best practices and the latest available data, and is financially constrained. Manage and optimize transportation infrastructure and services.

Cost Summary

Personnel Costs	Other Direct Costs	Indirect Costs	Total Costs	Staff Hours
\$249,356	\$10,000	\$96,690	\$356,046	4,105

FY 2021 Major Accomplishments

- Continued developing regular reports analyzing performance measure data
- Provided support for transportation system improvements (IJRs and corridor studies)
- Facilitated meetings of the Smart City Roundtable, Traffic Management Advisory Committee, and Planning and Engineering Subcommittees.
- Engaged with the Iowa DOT on the Integrated Corridor Management project
- Began engaging member communities on data collection for the Regional ITS Architecture update

FY 2022 Long-Range Planning Projects of Note	Target Completion Date	MPO Strategic Plan Goals Supported
<p>Quarterly Performance Reports</p> <ul style="list-style-type: none"> • Purpose: To track regional progress towards targets set in Mobilizing Tomorrow, such as vehicle miles traveled, pavement condition, bridge condition, safety, congestion, etc., and to adopt/refine performance targets. • Approach: MPO staff will update performance measure targets set in Mobilizing Tomorrow with updated data and review with relevant committees the need to adjust any targets or objectives. • Outcome: Publicly available reports or dashboards that track regional progress towards MPO planning objectives. 	Ongoing/ Quarterly	Goal 1 Goal 5
<p>Travel Demand Model Assistance</p> <ul style="list-style-type: none"> • Purpose: To maintain a Travel Demand Model and to provide assistance to support MPO members’ projects and planning. • Approach: MPO staff will work with the Iowa DOT and a consultant to maintain its travel demand model and to fulfill travel demand model data requests and other modeling requests as received. <ul style="list-style-type: none"> ◦ Consultant cost: \$10,000 • Outcomes: MPO Travel Demand Model outputs according to requests. 	Ongoing	Goal 1
<p>NCHRP Right-Sizing Case Study</p> <ul style="list-style-type: none"> • Purpose: Coordinate with the Iowa DOT and their consultant, Metro Analytics, to conduct a case study on right-sizing transportation infrastructure ,per NCHRP 20-44(22). • Approach: The MPO staff will provide access to its travel demand model and engage with the Iowa DOT and Metro Analytics as necessary. • Outcome: A case study report that demonstrates the effectiveness of methodologies to right-size transportation investments in a metro such as the MPO. 	August 2021	Goal 1 Goal 2 Goal 5

FY 2022 Long-Range Planning Projects of Note	Target Completion Date	MPO Strategic Plan Goals Supported
<p>US 65/Iowa 5 Bypass Interstate Designation</p> <ul style="list-style-type: none"> • Purpose: To designate the US 65/Iowa 5 Bypass as an interstate corridor. • Approach: The MPO will work with member communities along the corridor, as well as the Iowa DOT and other regional partners, to take steps necessary to satisfy the interstate designation request process. This includes exploring legislative solutions to overweight and slow moving vehicles and coordination with the agricultural community and general public. • Outcomes: Official request materials to Iowa DOT; legislative framework; communications strategy. 	June 2022	Goal 1 Goal 2
<p>Roadway Pavement Forecast and Analysis</p> <ul style="list-style-type: none"> • Purpose: To support the Mobilizing Tomorrow goal of “Manage and Optimize Transportation Infrastructure and Services” by providing MPO members insight into the condition of roadway pavement. • Approach: MPO staff will take current pavement condition information analyzed in FY 2021 and conduct a 10-year forecast using budget assumptions from member communities. • Outcomes: A document summarizing existing pavement conditions and a 10-year forecast of conditions for each member under a set of documented assumptions regarding budgets and treatments. 	March 2022	Goal 1 Goal 5
<p>Regional Broadband Study and Strategic Plan</p> <ul style="list-style-type: none"> • Purpose: To support a regional approach to broadband infrastructure and smart city technology integration. • Approach: The Greater Des Moines Partnership is leading a regional broadband infrastructure study and strategic planning, with financial support from the Des Moines Area MPO and central Iowa counties. The Des Moines Area MPO will support this study, as necessary, including serving on the project steering committee. • Outcome: A broadband infrastructure analysis and strategic plan to assist the MPO and its members integrate smart city technology. 	September 2021	Goal 1 Goal 2
<p>Coordinated Traffic Counts</p> <ul style="list-style-type: none"> • Purpose: To develop a regional methodology for the collection of traffic counts for their incorporation into the MPO Travel Demand Model. • Approach: MPO staff will identify existing and future MPO Travel Demand Model traffic count input requirements and coordinate with MPO members to review existing traffic counting practices across the metro and to converge on common standards for traffic counting. • Outcome: A regionally coordinated traffic counting standard and schedule for traffic counts in the MPO planning area. 	October 2021	Goal 1 Goal 2

FY 2022 Long-Range Planning Projects of Note	Target Completion Date	MPO Strategic Plan Goals Supported
<p>ITS Architecture</p> <ul style="list-style-type: none"> • Purpose: To update the Regional ITS Architecture to be consistent with the National ITS Reference Architecture for ensuring local institutional agreements and technical integration of ITS. • Approach: MPO staff will assemble existing ITS plans from communities and organizations, identify and fill gaps in coverage, coordinate with MPO members to set objectives for ITS deployment, and identify strategies to support deployment of the plan. MPO staff will work with member communities and organizations to complete the necessary components of a regional ITS Architecture. This project is a continuation of work started in FY 2021. • Outcomes: . Documentation of the existing and planned ITS systems consistent with the National ITS Reference Architecture. 	June 2022	Goal 1 Goal 2
<p>Traffic Safety Study</p> <ul style="list-style-type: none"> • Purpose: To identify opportunities to improve traffic safety throughout the MPO planning area. • Approach: MPO staff will work with the Engineering and Planning Subcommittees as well as TMAC to analyze crash trends; correlations between crashes and roadway characteristics such as speed, number of lanes, intersection types, dimensions, and so forth; and, the feasibility of roundabouts, road diets, and other practices in reducing crashes. Note: this project was identified for FY 2021 but did not commence due to limited board and public interaction as a result of COVID-19. • Outcomes: A regional Vision Zero plan with recommendations to improve traffic safety, work-zone safety education, traffic incident management (TIM) promotion, and first responder best practices. A model vision zero plan template for MPO members. 	June 2022	Goal 1 Goal 2

Task 2: Multimodal Planning

Objective: Provide support to expand multimodal transportation options in the region to increase the mobility of people and freight.

Cost Summary - MPO

Personnel Costs	Other Direct Costs	Indirect Costs	Total Costs	Staff Hours
\$175,993	\$15,000	\$68,243	\$259,235	3,056

FY 2021 Major Accomplishments

- Trail counting reports for active trail counters;
- Worked with Des Moines to continue development of transload facility
- Expanded and refined the Container Locator website
- Brought final Central Iowa Transportation Assessment before MPO Committees
- Met and exceeded Iowa DOT requirements for Transportation Advisory Groups, and adapted meeting formats to meet the needs of COVID-19 issues and priorities
- Collected Data Bike trail roughness and pavement conditions in West Des Moines, Des Moines, Pleasant Hill, and Altoona
- Facilitated meetings of the Central Iowa Bicycle and Pedestrian Roundtable and the Freight Roundtable
- Completed FRA NEPA process for the Des Moines Transload Facility
- Convened an advisory committee for the Regional Bicycle and Pedestrian Master Plan Update

FY 2022 Multimodal Planning Projects of Note	Target Completion Date	MPO Strategic Plan Goals Supported
<p>Container Locator Pilot Study</p> <ul style="list-style-type: none"> • Purpose: To provide improved efficiency of freight movements and shipping container utilization. • Approach: MPO staff will consult with industry professionals to maintain and improve a program (website) that encourages and facilitates the reutilization of shipping containers. <ul style="list-style-type: none"> ◦ <i>Data purchase cost: \$15,000</i> • Outcomes: The improved development of the containerlocator.com website for shipping container utilization. 	Ongoing	Goal 1 Goal 2 Goal 4
<p>Human Service/Public Transportation Coordination</p> <ul style="list-style-type: none"> • Purpose: To evaluate barriers and identify opportunities for a more coordinated transportation system for disadvantaged populations. • Approach: MPO staff will continue to facilitate Transportation Advisory Groups in coordination with Des Moines Area Regional Transit Authority, Heart of Iowa Regional Transit Authority, Iowa DOT, and United Way of Central Iowa. MPO staff will invite subject experts to discuss the barriers within various sectors (housing, employment, health services, etc.) • Outcomes: Fulfill Iowa DOT requirements; improved coordinated transportation service; begin planning process for 2023 Passenger Transportation Plan (due 2/1/2023). 	Ongoing	Goal 1 Goal 2

FY 2022 Multimodal Planning Projects of Note	Target Completion Date	MPO Strategic Plan Goals Supported
<p>Bike/Ped Supported Activities</p> <ul style="list-style-type: none"> • Purpose: Support the MPO’s and the region’s needs for bicycle and pedestrian planning through ongoing data collection, analysis, and technical assistance in this program. • Approach: In addition to the items listed below, during the federal fiscal year, other bicycle and pedestrian planning studies often are identified collaboratively by MPO members, communities, bicycle and pedestrian advisory groups. Through such studies, MPO staff provides support to communities by creating bicycle and pedestrian improvement projects. • Outcomes: Anticipated outcomes include technical assistance, data collection, analysis, development of mapping tools, review of materials, and attendance at state, regional, and local forums and committee meetings. Tasks not related directly to separate studies or activities may include the following: <ul style="list-style-type: none"> ○ Coordinate with state agencies, municipalities, and other groups regarding bicycle and pedestrian planning for the region, possibly to include issues pertaining to bicycle/pedestrian law enforcement and education. ○ Collect data on bicycle and pedestrian volumes at selected on-road and off-road facilities. ○ Identify and examine bicycle and pedestrian crash hot spots in the region to support development of strategies to address bicycle and pedestrian safety problems. ○ Provide ongoing technical support to communities for current tools and practices regarding bicycle and pedestrian issues, with a particular focus on promoting safety. ○ Facilitate development of regional policies and best practices relating to bike/ped safety and emerging modes in the world of shared micromobility. ○ Conduct technical analyses to quantify the impacts of proposed bicycle facilities, including air quality improvements, road diets, reductions in vehicle-miles traveled, and parking needs ○ Conduct analyses to identify critical sidewalk gaps in the region, and possibly provide guidance to communities by accessing available Transportation Alternatives Program funding to close gaps on federal-aided roadways. ○ Examine potential routes, both on-road and off-road, to increase the connectivity of the existing transportation system, including trails, on-road facilities, and public transit, where applicable. ○ Consider development of a non-motorized safety management program, with the goal to support a Vision Zero policy. 	<p>Ongoing</p>	<p>Goal 1 Goal 2</p>

FY 2022 Multimodal Planning Projects of Note	Target Completion Date	MPO Strategic Plan Goals Supported
<p>DART Transit Service Planning</p> <ul style="list-style-type: none"> • Purpose: To optimize DART routes and services. • Approach: This activity continues the analysis of route and passenger data and system performance. Recommendations for route or service changes will be analyzed and completed as necessary, including Title VI requirements. In addition, this project would include the study and planning of emerging and flexible transit services such as mobility on demand, paratransit, and commuter vanpool services to serve the growing and evolving needs of the region. • Outcomes: DART planning studies and Title VI documentation <ul style="list-style-type: none"> ○ <i>Note: this is a DART project, which is estimated at \$50,000 (\$40,000 in FTA funding).</i> 	Ongoing	Goal 1
<p>Data Collection of Bicycle Parking in Downtown Des Moines</p> <ul style="list-style-type: none"> • Purpose: In support of the City of Des Moines bicycle parking program, this project will inventory bicycle parking in downtown Des Moines to address the appropriateness, adequacy, and sufficiency of bicycle parking supply.. • Approach: MPO staff in cooperation with City of Des Moines staff will canvas the Connect Downtown area within Des Moines to geocode bicycle parking in the right-of-way, private bicycle parking, and in parking ramps • Outcomes: GIS/GPS inventory of bicycle parking and related conditions. 	September 2021	Goal 1 Goal 2
<p>Trail Pavement Data Collection</p> <ul style="list-style-type: none"> • Purpose: To collect pavement condition information on the region’s trails. • Approach: MPO staff will utilize the Iowa Data Bike to collect data from the trails, which will then be analyzed and reviewed by MPO committees and other stakeholders. • Outcomes: trail condition data to be used in subsequent reports. 	October 2021	Goal 1
<p>Trail Pavement Analysis and Forecasting</p> <ul style="list-style-type: none"> • Purpose: To develop a methodology for analyzing and forecasting trail pavement conditions for better maintenance and management of the regional trail network. • Approach: MPO staff will work with the Institute of Transportation (InTrans) at Iowa State University and Rival Solutions to analyze historical trail pavement conditions and to use the data to develop forecasts for trail pavement conditions. • Outcome: A report on trail pavement conditions and an accompanying tool that forecasts trail pavement conditions. 	December 2021	Goal 1 Goal 5
<p>Goods Movement Study Update</p> <ul style="list-style-type: none"> • Purpose: Update the 2006 <i>Goods Movement Study</i> to reduce freight transportation barriers. • Approach: MPO staff will utilize a consultant, with support from staff and the Freight Roundtable, to analyze freight movements, locate impedances, and propose alternatives to enhance freight movements. Note: this project was identified for FY 2021 but did not commence due to limited board and public interaction because of COVID-19. • Outcomes: An updated report that will be utilized in freight planning across the metro area. 	December 2021	Goal 1 Goal 2

FY 2022 Multimodal Planning Projects of Note	Target Completion Date	MPO Strategic Plan Goals Supported
<p>Bike/Ped Count Program</p> <ul style="list-style-type: none"> • Purpose: Update and reorganize the MPO’s regional bike/ped count program to better understand non-motorized movement, demand, and emerging priorities within the metro area. • Approach: Work with regional partners to determine the best and most efficient methodology, technology and locations to implement a robust bike/ped count program. <ul style="list-style-type: none"> ○ Trail counters – Identify active and non-active trail counters to reallocate them in high priority locations; coordinate data collection for newer trail counters purchased by the Des Moines Area MPO and the City of Des Moines ○ On-street bike counters – Work with City of Des Moines and University of Iowa to deploy permanent counters as a pilot, continue to explore newer technologies for future implementation ○ Bike/Ped Count Locations – Continue to refine and prioritize locations to install infrared and permanent counters • Outcomes: <ul style="list-style-type: none"> ○ Interactive map to display trail and bike/ped count and crash data ○ Annual Bike/Ped Report summarizing trail and non-motorized usage and trail condition summary from Trail Condition Report. 	December 2021	Goal 1 Goal 2
<p>Strategic Trail Planning</p> <ul style="list-style-type: none"> • Purpose: Develop a Strategic Plan to address a variety of trail related issues as the network in the metro continues to grow and age, and faces new challenges. • Approach: MPO staff, in partnership with Polk County Conservation will work with regional trail planning and maintenance agencies and the Bike/Ped Roundtable. • Outcome: A strategic trail planning policy guide that helps regional trail planning and maintenance entities address questions related to: <ul style="list-style-type: none"> ○ Trail Investment ○ Trail Usage Policies ○ Trail Maintenance Plan ○ Governance Model ○ Funding and Sustainability Plan ○ New Technology ○ Trail corridor preservation toolbox/policy 	June 2022	Goal 1 Goal 2

FY 2022 Multimodal Planning Projects of Note	Target Completion Date	MPO Strategic Plan Goals Supported
<p>Bicycle and Pedestrian Master Plan Update</p> <ul style="list-style-type: none"> • Purpose: As the planning horizon for CONNECT Plan ends in 2020, the region needs a fresh look at its bike/ped needs as new issues and needs continue to emerge. This plan will be a regional guide to address non-motorized modes, incorporating Safe Routes to Schools policies. • Approach: MPO staff work with its regional partners and the Bicycle/Pedestrian Roundtable to undertake a comprehensive, regional assessment of bike/ped and safe routes to school issues. The process will include the following steps: <ul style="list-style-type: none"> ○ Review and develop a regional vision, goals, objectives and strategies with respect to bike/ped and SRTS elements ○ Update CONNECT Plan data, maps and recommendations ○ Incorporate high priority projects from MPO member communities ○ Develop a policy and design toolbox utilizing best practices ○ Include implementation priority plan ○ Develop updated walking routes and priority improvements for elementary schools ○ Utilize a 5E (Engineering, Education, , Encouragement, Equity, Evaluation) Approach for developing policies and recommendations ○ Modify MPO funding criteria to reflect priorities and needs developed in the Plan • Outcome: Bicycle/Pedestrian Master Plan; Safe Routes to Schools Plan 	<p>June 2022</p>	<p>Goal 1 Goal 2</p>

Task 3: Public Involvement

Objective: Engage the public, the media, and other stakeholders in the Des Moines Area MPO's planning process.

Cost Summary

Personnel Costs	Other Direct Costs	Indirect Costs	Total Costs	Staff Hours
\$127,408	\$15,000	\$49,403	\$191,811	1,814

FY 2021 Major Accomplishments

- Updated the Des Moines Area MPO website
- Publish press releases and public notices
- Hosted public input meetings
- Engaged news media in activities
- Published periodic reports on performance measures and other topics
- Hosted guest lecturers as part of a speaker series
- Updated the Public Participation Plan
- Updated the Language Assistance Plan

FY 2022 Public Engagement Projects of Note	Target Completion Date	MPO Strategic Plan Goals Supported
<p>Speaker Series</p> <ul style="list-style-type: none"> • Purpose: To host national thought-leaders who share ideas, insights, and inspiration with regional influencers to advance the sustainable development of Greater Des Moines. • Approach: MPO staff works with partner organizations in the community to identify meaningful topics and speakers, the coordinate to bring them to the metro, promote their talks, and help spread their ideas. <ul style="list-style-type: none"> ◦ Cost: \$15,000 is budgeted for speaker-related costs. • Outcomes: Approximately six speakers are hosted each calendar year. 	Ongoing	Goal 2 Goal 5
<p>Media Relations</p> <ul style="list-style-type: none"> • Purpose: To maintain good working relationships between the Des Moines Area MPO and the media outlets of Greater Des Moines, to preserve and enhance the reputation and credibility of the MPO and provide the MPO with platforms to deliver its messages to the public and regional stakeholders. • Approach: MPO staff will work to build relationships with media members through face-to-face meetings, providing helpful responses to information and interview requests, and providing timely, newsworthy information for their publications and platforms. • Outcomes: Media outlets will continue to treat MPO as a credible source of information and valuable public entity doing good work for the governments and residents of Greater Des Moines. 	Ongoing	Goal 5

FY 2022 Public Engagement Projects of Note	Target Completion Date	MPO Strategic Plan Goals Supported
<p>Public Meeting Support</p> <ul style="list-style-type: none"> • Purpose: To ensure MPO public meetings fulfill their objectives, especially the meaningful engagement of the public in the decision-making process of the Des Moines Area MPO. • Approach: MPO staff will collaborate on preparations for public meetings, including standing meetings of MPO committees and subcommittees, as well as special meetings for MPO projects and programs. • Outcomes: MPO public meetings will meet the expectations outlined in Title VI documentation, Limited English Proficiency program, and Public Involvement Process. 	Ongoing	Goal 5
<p>Upkeep of Title VI, LEP, Public Involvement Process</p> <ul style="list-style-type: none"> • Purpose: To ensure the MPO's compliance with required public engagement documents such as Title VI, Limited English Proficiency Plan (LEP), and its Public Involvement Process. • Approach: MPO staff will review federal guidelines, its current practices and documentation, and best practices to understand any changes that should be made to its existing documentation. • Outcomes: If necessary, updated Title VI documentation, updated LEP, and an updated Public Involvement Process. 	Ongoing	Goal 1 Goal 5
<p>COVID-19 Transition</p> <ul style="list-style-type: none"> • Purpose: To evaluate lessons learned from adjustments made to public engagement and determine whether to continue with new practices permanently. • Approach: MPO staff will review adjustments made, as document in the 2021 update to the Public Participation Plan, as well as collect feedback from relevant board members and partner agencies. • Outcomes: A continually improvement engagement process that considers and balances the MPO's long-term needs with short-term adjustments necessary due to COVID-19. 	September 2021	Goal 1 Goal 2 Goal 3 Goal 6
<p>Annual Report</p> <ul style="list-style-type: none"> • Purpose: To report the many values which the Des Moines Area MPO delivers to its member governments, including a summary of MPO investments made with jurisdictions and entities. • Approach: MPO staff will review previous annual reports and recommend any format improvements. • Outcomes: An Annual Report will be developed, published and distributed to MPO member governments. 	May 2022	Goal 5

Task 4: Integrated Planning

Objective: Integrate land use, environmental protection, public health, social justice, and other related factors into the planning process to ensure the successful implementation *Mobilizing Tomorrow*, promote the adoption of best practices, and understand the impact various factors have on transportation.

Cost Summary

Personnel Costs	Other Direct Costs	Indirect Costs	Total Costs	Staff Hours
\$198,304	\$0	\$76,894	\$275,198	2,676

FY 2021 Major Accomplishments

- Participated watershed management authorities and the Local Government Collaborative stormwater effort
- Partnered with local stormwater advocates on the Rain Campaign
- Continued to be engaged with the central Iowa water trails initiative
- Partnered with public health organizations to support healthy transportation options and planning practices
- Provided technical assistance to partner agencies in the fields of health, social justice, and development
- Reviewed development proposals, as requested
- Provided guidance and information for comprehensive plans, as requested
- Updated the environmental justice methodology
- Re-established Watershed Management assistance contract with Polk County as regional roles changed and provided WMAs administrative support as well as, outreach mapping assistance and technical assistance in Capital Crossroads stormwater language integration in metro cities
- Rain Campaign received additional grant funding, exceeded project installation goals, adapted outreach to COVID-19 needs, produced comprehensive rain garden training, and has begun to move the pilot program to communities outside Central Iowa
- Staffed Iowa Stormwater Conference (iSTORM) planning committee and aided in the development of sessions as well as content for specific sessions
- Drafted and presented Environmental Justice report to committees, and upon request held auxiliary meetings on the subject to refine methodology
- Drafted Climate Adaptation Strategies (expected June 2021)
- Drafted Electric Vehicle Charging Strategies (expected May 2021)

FY 2022 Integrated Planning Projects of Note	Target Completion Date	MPO Strategic Plan Goals Supported
<p>Watershed Management Authority/Stormwater</p> <ul style="list-style-type: none"> • Purpose: To support the Mobilizing Tomorrow goal of “Improve the Region’s Environmental Health” by building regional programs and coalitions to incorporate ecosystem services into planning and development. • Approach: MPO staff will continue to participate in regional watershed management authorities (WMA), the Rain Campaign, green infrastructure conference planning collaborations. MPO staff will also work with Capital Crossroads staff to move the post-construction stormwater ordinance language and other resilience policy recommendations through MPO member city processes. • Outcomes: Continued implementation of each WMA’s plan goals and strategies, fulfilling Rain Campaign installation goals, , greater incentive to incorporate green infrastructure in transportation projects through MPO funding mechanisms, host highly-impactful green infrastructure conference, and integration of post-construction stormwater ordinance language in all MPO member cities. 	Ongoing	Goal 1 Goal 2 Goal 5
<p>Water Trails</p> <ul style="list-style-type: none"> • Purpose: To serve as the responsible charge of the BUILD grant project while also providing ongoing staffing support for the Central Iowa Water Trails LLC and the implementation of the water trails plan. • Approach: MPO staff will continue to staff the various committees and boards collaborating on the implementation of the plan, including the board of directors, the BUILD grant coordination committee, the environmental conservation committee, and the marketing and communications committee. • Outcomes: Finalize the BUILD grant agreement with the FHWA/Iowa DOT, finalize all sub-agreements with partner agencies, coordinate with construction engineer during the construction of the project, and approve any necessary change orders. 	Ongoing	Goal 1 Goal 2
<p>Community Technical Assistance</p> <ul style="list-style-type: none"> • Purpose: To provide technical assistance, as requested, to member governments. • Approach: Member communities contact MPO staff with technical assistance projects/questions. MPO staff will follow the approved project involvement decision tree to determine whether assistance will be provided at no charge or if a contract will be required. Assistance for which contracts will be required will be completed under Task 7. See Task 7 for additional information about technical services available. • Outcomes: The completion of tasks and projects as they become available. 	Ongoing	Goal 1 Goal 2
<p>Climate Change Adaptation Best Practices Integration</p> <ul style="list-style-type: none"> • Purpose: To support the Mobilizing Tomorrow goal of “Improve the Region’s Environmental Health” by evaluating potential climate change mitigation and adaptation strategies. • Approach: In June 2021 MPO staff will complete a Climate Change Adaptation Best Practices report and throughout Fiscal Year 2022 will lead effort to implement best practices across MPO planning area. <p>Outcomes: Integration of best practices into MPO member communities.</p>	Ongoing	Goal 1 Goal 2 Goal 5

FY 2022 Integrated Planning Projects of Note	Target Completion Date	MPO Strategic Plan Goals Supported
<p>Green Infrastructure Mapping</p> <ul style="list-style-type: none"> • Purpose: To support the Mobilizing Tomorrow goal of “Improve the Region’s Environmental Health” by utilizing geographic information system and regional data to analyze and communicate green infrastructure importance and advancement throughout the MPO region. • Approach: MPO will continuously solicit green infrastructure data from MPO member communities and community partners through the Transportation Capital Improvement Program and other efforts to better quantify cost, benefits, and capacity of stormwater management work across Central Iowa. • Outcomes: Green infrastructure information in the TCIP to provide more substantial data to member communities, community partners, and the general public on the efficacy and impact of green infrastructure in the region. Public facing and technical platforms and data sets for grant writing, outreach, project development, and implementation. 	Ongoing	Goal 1 Goal 2 Goal 5
<p>State and Federal Government Relations/Advocacy</p> <ul style="list-style-type: none"> • Purpose: To ensure the needs of MPO and its member governments are represented in the Iowa and US legislative process. • Approach: MPO staff will work with organizations such as the Greater Des Moines Partnership to annually develop a list of priority projects and policy goals for inclusion in government relations materials. • Outcomes: MPO representation on the Greater Des Moines Partnership’s state and federal governmental policy council; MPO materials in the annual DMDC Policy Book. 	May 2022	Goal 1 Goal 2 Goal 4 Goal 5
<p>EV Charging Strategy Integration</p> <ul style="list-style-type: none"> • Purpose: To support the Mobilizing Tomorrow goal of “Improve the Region’s Environmental Health” by identifying ways for communities and individuals can increase support for electric vehicles. • Approach: In June 2021 MPO staff will complete an Electric Vehicle Charging Strategy report and throughout Fiscal Year 2022 will lead effort to implement best practices across MPO planning area. • Outcomes: Integration of best practices into MPO member communities. 	Ongoing	Goal 1 Goal 2 Goal 5
<p>Growth Scenario Analysis</p> <ul style="list-style-type: none"> • Purpose: To analyze how anticipated growth in the MPO area will impact regional systems. • Approach: MPO staff will work with the Planning Subcommittee to analyze the impact of growth on the affordable housing, transportation, and other infrastructure needs. Scenario modeling tools may be developed as used as necessary. Note: this project was identified for FY 2021 but did not commence due to limited board and public interaction as a result of COVID-19. • Outcomes: A document outlining the potential impacts of growth on the need and distribution of affordable housing as it relates to employment centers and transportation. 	June 2022	Goal 1 Goal 2 Goal 5

Task 5: Funding

Objective: Award transportation funding and develop, monitor, and maintain the Transportation Improvement Program.

Cost Summary

Personnel Costs	Other Direct Costs	Indirect Costs	Total Costs	Staff Hours
\$72,691	\$0	\$28,186	\$100,877	1,138

FY 2021 Major Accomplishments

- Updated FFY 2025 STBG Set Aside Application Scoring Criteria and supporting materials
- Solicited, scored, and awarded FFY 2025 STBG and Set-Aside funding
- Developed and approved the FFY 2021-2024 Transportation Improvement Program, as necessary
- Amended the FFY 2021-2024 Transportation Improvement Program, as necessary
- Began development of the FFY 2022-2025 Transportation Improvement Program
- Offered letters of support for various grant programs such as RISE and ICAAP funds
- Educated member communities on state and federal legislation that impact transportation funding
- Solicited updates for the priority transportation project list for the Greater Des Moines Partnership’s Policy Book
- Executed BUILD grant agreement the FRA for the Des Moines Transload Facility
- Began drawing down RRLG funds from the Iowa DOT for the Des Moines Transload Facility
- Supported City of Des Moines and Invest DSM Microsoft Community Grant proposal and project development

FY 2022 Funding Projects of Note	Target Completion Date	MPO Strategic Plan Goals Supported
<p>Transload Facility Grant Administration</p> <ul style="list-style-type: none"> • Purpose: To oversee grant administration related to the development of the Des Moines Transload Facility. • Approach: MPO staff will work with Des Moines Industrial, the Iowa Department of Transportation, and the Federal Railroad Administration (FRA) to oversee the reimbursement of Iowa DOT Railroad Revolving Loan & Grant (RRLG) funds and US DOT BUILD grant funds. • Outcomes: The development of quarterly reports to the FRA tracking progress towards project outcomes, submit reimbursement request through the Iowa DOT and FRA, and provide support to Des Moines Industrial regarding grant administration. 	June 2022	Goal 1 Goal 2
<p>Water Trails BUILD Grant Administration</p> <ul style="list-style-type: none"> • Purpose: To oversee the grant administration and reimbursement process related to the Central Iowa Water Trails project’s US DOT BUILD grant. • Approach: MPO staff will serve as the responsible charge to oversee the administration of the Central Iowa Water Trails BUILD grant funds including completing reimbursement requests through the Federal Highway Administration. • Outcomes: The completion of all reimbursement requests, reporting requirement under the grant terms, and overseeing the projects construction with the assistance of a construction engineer. 	Ongoing	Goal 1 Goal 2

FY 2022 Funding Projects of Note	Target Completion Date	MPO Strategic Plan Goals Supported
<p>Grant Letters of Support</p> <ul style="list-style-type: none"> • Purpose: To offer letters of support to MPO members and partner organizations to help secure infrastructure funding in the region.. • Approach: MPO staff will work with project sponsors to understand the scope and need of various projects seeking funding from the Iowa DOT, US DOT, other state and federal agencies, and non-profit organizations and offer letters of support. • Outcomes: Letters of support that help secure funding for the region. 	Ongoing	Goal 1 Goal 2
<p>Transportation Capital Improvement Program</p> <ul style="list-style-type: none"> • Purpose: To develop and maintain a four-year listing of all projects to be undertaken in the MPO area. • Approach: MPO staff solicit from each MPO member government and participating agency a list of current of projects planned to be constructed over the next four years. • Outcomes: Fiscal Years 2021-2024 TCIP; interactive online project maps. 	August 2021	Goal 1
<p>STBG/TAP Process</p> <ul style="list-style-type: none"> • Purpose: To allocate the annual Surface Transportation Block Grant (STBG) funds and Set-Aside (TAP) funds to regional transportation projects. • Approach: MPO staff will work with the member governments and the Funding Subcommittee to review and amend the scoring process, as needed, and then to solicit and review transportation projects submitted for funding. • Outcomes: The awarding of STBG/TAP funds to projects that advance the goals of Mobilizing Tomorrow. 	May 2022	Goal 1
<p>Transportation Improvement Program</p> <ul style="list-style-type: none"> • Purpose: To develop and maintain a four-year Transportation Improvement Program (TIP) of federally funded projects to be undertaken in the MPO area. • Approach: MPO staff will provide each MPO member government and participating agency a list of current TIP projects for review and update, with a request for the project sponsors to determine adjustments needed. MPO staff will assemble a draft document for review by the Iowa DOT, MPO committees, and the public; hold public meetings; and produce a final document. Amendments do the TIP will follow the amendment process outlined in the TIP. • Outcomes: Federal Fiscal Years 2022-2025 TIP. 	June 2022	Goal 1

Task 6: Program Administration

Objective: Support ongoing regional planning activities by offering professional staff services and committee support, administering the work program and budget, and execute agreements with partner agencies.

Cost Summary

Personnel Costs	Other Direct Costs	Indirect Costs	Total Costs	Staff Hours
\$268,520	\$5,000	\$104,121	\$377,640	4,070

FY 2021 Major Accomplishments

- Amended and revised, as necessary, the FY 2021 UPWP
- Completed and approved the FY 2022 UPWP
- Prepared monthly reimbursement requests to the Iowa DOT
- Prepared agendas and materials for committees, roundtables, and working groups
- Assisted representatives, as needed
- Provided staff support for meetings and other activities
- Monitored federal requirements
- Provided general administrative staff support
- Processed purchase orders, accounts payable, and accounts receivable
- Handled benefits administration for staff
- Administered checking and savings accounts
- Complied with state laws regarding agenda publications, public notices, and so forth
- Filed regular lobbyists reports, as needed
- Processed insurance renewals
- Performed staff evaluations
- Hired staff, as needed
- Completed annual audit
- Executed funding agreements with the Iowa DOT, CIRTPA, and other partner agencies
- Purchased office equipment
- Collaborated with various vendors
- Maintained office IT network
- Hired outside legal counsel for review of legal contracts, organizational agreements, and to help assure the organization adheres to all applicable state and federal rules and regulations
- Updated the MPO/CIRTPA Planning Agreement
- Transitioned to a remote work environment for staff and committees due to COVID-19
- Convened meetings of the Finance Subcommittee to review quarterly financial reports, audit documents, and draft budgets

FY 2022 Administration Projects of Note	Target Completion Date	MPO Strategic Plan Goals Supported
<p>Committee Support</p> <ul style="list-style-type: none"> • Purpose: To ensure meetings of the MPO’s main committees, subcommittees, roundtables, and working groups occur in a timely, professional manner with representation from relevant member governments and participating agencies. • Approach: MPO staff will regularly undertake efforts to prepare for and hold meetings, including tasks such as agenda development, note taking, public announcements and notification, room set up and break down, presentation preparation, and so forth, in compliance with all relevant state and federal laws. Staff also will also meet with committee chairs and other representatives, as necessary, to ensure the representatives are prepared and understand the agenda items and other materials. • Outcomes: Successful meetings of MPO committees that advance the MPO’s mission. 	Ongoing	Goal 1 Goal 2 Goal 3 Goal 4 Goal 5 Goal 6
<p>MPO Operating Grant Administration</p> <ul style="list-style-type: none"> • Purpose: To oversee administration of funding included in the <i>Planning Joint Participant Agreement to Implement Metropolitan Intermodal Planning</i> entered into by the MPO and the Iowa DOT as well as other grants and/or agreements between the MPO and other parties for planning services. • Approach: MPO staff will develop monthly reimbursement requests to funding partners, particularly the Iowa DOT) for eligible expenses by identifying eligible direct and indirect costs from expenses approved by the MPO Policy Committee each month, summarizing these costs by UPWP work task, and preparing a progress report of activities. • Outcomes: The reimbursement of funds to the MPO. 	Ongoing	Goal 1 Goal 4
<p>Routine Office Administration</p> <ul style="list-style-type: none"> • Purpose: To ensure the continuous administration of the MPO office and programs. • Approach: The MPO board and staff will ensure the MPO has the necessary resources to fulfil its mission, including 1)employing a professional staff with necessary talent, skills, and capacity, 2) contracting for other professional services - such as legal, payroll, accounting, information technology, and so forth., 3) maintaining office space, equipment, and software necessary for staff and representatives to conduct business, and 4) developing and maintaining necessary policies and guidelines to ensure successful and lawful operation of the organization. • Outcomes: Successful operation of the MPO office and administration of the organization. 	Ongoing	Goal 1 Goal 3 Goal 4 Goal 6
<p>Strategic Planning / Member Satisfaction Survey</p> <ul style="list-style-type: none"> • Purpose: To ensure the MPO’s strategic plan is maintained and member governments are satisfied with the organization’s performance. • Approach: In FY 2022 the MPO will undertake a member satisfaction survey, similar to ones performed in previous years, to understand member government and representative attitudes towards the organization and identify areas of improvement. <ul style="list-style-type: none"> ○ <i>Consultant cost: \$5,000</i> • Outcomes; Qualitative and quantitative survey results gauging the MPO’s performance and areas for improvement. 	June 2022	Goal 3

FY 2022 Administration Projects of Note	Target Completion Date	MPO Strategic Plan Goals Supported
Unified Planning Work Program/Budget <ul style="list-style-type: none">• Purpose: To develop an annual scope of work and budget for the MPO's operations.• Approach: MPO staff will work with its member governments to solicit and review work activities as described on page 11 of this document. During this timeframe staff also will develop a budget and work with the MPO's Budget and Finance Subcommittee to review.• Outcomes: FY 2023 UPWP and budget; FY 2022 UPWP amendments.	May 2022	Goal 1 Goal 4 Goal 6

Task 7: CIRTPA

Objective: Provide staffing assistance, via contract, to the Central Iowa Regional Transportation Planning Alliance (CIRTPA). Please see the CIRTPA's *Fiscal Year 2022 Unified Planning Work Program* and Budget for a full list of work activities.

Cost Summary - CIRTPA

Personnel Costs	Other Direct Costs	Indirect Costs	Total Costs	Staff Hours
\$59,468	\$0	\$23,059	\$82,528	936

Contracted Services Projects Description

The Des Moines Area MPO has for many years contracted with CIRTPA to provide transportation planning assistance, including development of required documents such as the Transportation Improvement Program, Long-Range Transportation Plan, Unified Planning Work Program, and Public Participation Plan.

Task 8: Contracted Services and Technical Support

Objective: Provide staffing assistance, via contract, to numerous organizations for activities such as watershed management, community comprehensive planning, and other technical support. Projects included in this task do not use any DOT or Des Moines Area MPO member assessment funding. Known projects include stormwater management assistance to Polk County, grant support to the City of Melcher/Dallas, and administration of the Central Iowa Housing Trust Fund.

Cost Summary – Contracted Services

Personnel Costs	Other Direct Costs	Indirect Costs	Total Costs	Staff Hours
\$80,913	\$0	\$31,375	\$112,288	1,550

The following menu of services describes types of assistance offered along with fees.

Menu of Services

Service	Description	Fee
Map Making		
36" x 36" map with existing data*	MPO staff prints map already on file	\$15/map*
36" x 36" with new data**	MPO staff must prepare a map with new data; fee reflects printing cost and map preparation time	\$75/hour + \$15/map**
Develop new map (no printing)**	Fee reflects map preparation time	\$75/hour**
Grant Services		
Grant writing*	MPO staff prepares grant application	\$75/hour*
Grant administration***	MPO staff administers grant award, files reports required by funding agency, and so forth	5-10% of grant award***
Planning Assistance**	MPO staff available to MPO member governments and non-member agencies for activities beyond the FY 2021 UPWP scope	\$75/hour**

* Services are provided free to member communities at MPO staff discretion

** No charge for services provided to member communities estimated to take less than 10 hours of MPO staff time

*** Fee is applicable if administration funding is not provided or is not sufficient to cover costs associated with grant administration

Budget and Cost Allocation Plan

The Des Moines Area MPO develops and submits a Cost Allocation Plan (CAP) to the Iowa DOT during the development of the fiscal year budget. The CAP is the basis of assigning costs equitably to all work program elements during the fiscal year. Under the CAP, the total costs assigned to each work program element are comprised of both direct and indirect costs. All direct and indirect costs are further identified by personnel and non-personnel costs.

General Accounting Policies

This budget is to cover the period beginning July 1, 2021 and ending June 30, 2022. The Des Moines Area MPO's basis of accounting is a modified accrual basis.

The CAP addresses all elements of cost incurred by the Des Moines Area MPO and identifies shared costs that require allocation. The Des Moines Area MPO treats all personnel expenses as direct costs, and all general expenses as indirect costs. Therefore, a simplified allocation method has been used in allocating the indirect costs. The Des Moines area MPO maintains adequate internal controls to ensure that no cost is charged both directly and indirectly to federal contracts or grants.

Each work element in the Des Moines Area MPO's work program is charged for direct personnel costs and for a proportion of the indirect costs for each work element.

Revenue

The Des Moines Area MPO's funds are generated through three primary sources: federal planning funds, local per capita assessments from member governments, and contracts with other organizations.

The Des Moines Area MPO receives an annual allocation of federal planning funds, in the form of a federal grant, to complete the functions of an MPO as defined in 23 CFR. Federal grants are eligible to cover up to 80-percent of the total costs, requiring the remaining 20-percent to be non-federal, matching funds. The Des Moines Area MPO assesses each of the MPO member governments in order to generate the match funds on a per capita basis.

The Des Moines Area MPO is also eligible to apply for various grants through a variety of different organizations. For example, in 2010 the Des Moines Area MPO has received federal funding administered through the US Department of Housing and Urban Development, and in 2014 the Des Moines Area MPO received funding from the Wellmark Foundation. The Des Moines Area MPO also contracts with other organizations to provide planning assistance. Examples include staffing the Central Iowa Regional Planning Alliance (CIRTPA) and the Central Iowa Housing Trust Fund (CIHTF) through contracts.

Table 1 below summarizes the revenue expected to be available for Des Moines Area MPO operations in FY 2022. This revenue includes planning funds from the US DOT, assessment from member governments, and revenue from contracts.

Table 1. Fiscal Year 2022 Funding Sources Available – MPO Operations

	Amount	Percent of Total
Federal DOT Funds		
Federal Highway Administration (FHWA PL – NEW)	\$754,066	42.95%
Federal Transit Administration (FTA 5305d NEW)	\$135,218	7.70%
FHWA – STBG Carryover	\$584	0.03%
STBG – New	\$95,000	5.41%
Federal DOT Funds Subtotal	\$984,868	56.10%
Non-DOT Funds		
Member Government Assessments	\$565,401	32.20%
CIRTPA Contract (including 5% fee)	\$87,400	4.98%
CIHTF Contract (including 5% fee)	\$98,000	5.58%
Polk County WMA Contract (including 5% fee)	\$10,000	0.57%
Melcher/Dallas Contract (including 5% fee)	\$10,000	0.57%
Non-DOT Funds Subtotal	\$770,801	43.90%
TOTAL	\$1,755,669	100.00%

Table 2 below summarizes additional revenue available to the De Moines Area MPO for two special projects that have receive large US DOT BUILD grants in recent years, the Transload and Water Trails projects. Because the Des Moines Area MPO is the grant recipient for these BUILD grants, as well as for a Iowa DOT Railroad Revolving Loan Grant from the Iowa DOT, they are shown here as additional revenue for the organization. However, these funds will not be used for regular operations and will only be used to pay out reimbursements on behalf of other project stakeholders. In this sense, they are passthrough funds where revenue will match expenditures. The federal funds shown in Table 2 will not be part of the planning agreement entered into between the Iowa DOT and the Des Moines Area MPO, as they have their own agreements with the DOT.

Table 2. Fiscal Year 2022 Funding Sources Available - Special Projects/Passthrough

	Amount	Percent of Total
Federal DOT Funds		
BUILD - Transload	\$11,200,000	23.85%
RRLG - Transload	\$873,000	1.86%
STBG - Water Trails	\$500,000	1.06%
BUILD - Water Trails	\$25,000,000	53.23%
Federal DOT Funds Subtotal	\$37,573,000	80.00%
Non-DOT Funds		
Transload BUILD Match	\$2,800,000	5.96%
Transload RRLG Match	\$218,250	0.46%
STBG Water Trails Match	\$125,000	0.27%
Water Trails BUILD Match	\$6,250,000	13.31%
Non-DOT Funds Subtotal	\$9,393,250	20.00%
TOTAL	\$46,966,250	100.00%

Table 3 illustrates the assessments to be paid by each member government of the Des Moines Area MPO.

Table 3. Member Government Assessments

Member	Assessed Population	TOTAL (\$1.00/capita)
Altoona	19,221	\$19,221.00
Ankeny	67,355	\$67,355.00
Bondurant	6,958	\$6,958.00
Carlisle	4,294	\$4,294.00
Clive	17,242	\$17,242.00
Cumming*	0	\$0.00
Dallas County**	2,172	\$2,172.00
DART*	0	\$0.00
Des Moines	214,237	\$214,237.00
Elkhart*	0	\$0.00
Grimes	14,408	\$14,408.00
Indianola*	0	\$0.00
Johnston	22,582	\$22,582.00
Madison County*	0	\$0.00
Mitchellville	2,258	\$2,258.00
Norwalk	11,938	\$11,938.00
Pleasant Hill	10,019	\$10,019.00
Polk City	4,961	\$4,961.00
Polk County**	22,443	\$22,443.00
Urbandale	44,379	\$44,379.00
Van Meter*	0	\$0.00
Warren County**	4,137	\$4,137.00
Waukee	24,089	\$24,089.00
West Des Moines	67,899	\$67,899.00
Windsor Heights	4,809	\$4,809.00
TOTAL	565,401	\$565,401.00

Note that for FY 2022, the Des Moines Area MPO used each community's Annual Census Estimate.

*DART and associate, non-voting members do not pay assessments.

**County populations are only for the unincorporated areas within the MPO boundary. 2010 Census figures were used for FY 2022 for counties as Annual Census Estimates are not available for these geographies.

Expenses and Description of Cost Allocation Methodology

Each work element in the MPO's work program is charged for direct personnel costs and for a proportion of the indirect costs for the month.

Salaries and Wages

- Direct Costs – all Des Moines Area MPO employees directly charge their salary costs, as the work performed is identifiable to a specific work program element. The charges are supported by auditable time sheet reports that reflect the actual activities and hours of each employee.
- Indirect Costs – no employees charge their salary costs indirectly.
- Mixed Charges – no employees charge their salary costs to both direct and indirect activities.
- Paid Leave (vacation, sick leave, holiday pay, etc.) – is treated as a fringe benefit and not directly charged to programs when earned or taken.

Fringe Benefits

The Des Moines Area MPO's fringe benefits include non-salary, out of pocket employee expenses, including:

- Health care costs;
- Insurance and disability costs;
- Car allowance, longevity, deferred compensation, alternative transportation costs, education reimbursement, and professional membership dues;
- Paid leave (sick, vacation, holiday, etc.) and,
- Federal Insurance Tax (FICA), Federal Unemployment Tax (FUTA), and Iowa Public Employees' Retirement System (IPERS).

The MPO's accounting system tracks fringe benefit costs by individual employee and charges those costs, in the form of a fringe rate, directly to a work program element in the same manner as salary and wages. Paid leave (sick, vacation, holiday, etc.) are considered fringe benefit costs. Table 4 is a summary of employee benefits and includes the established fringe rate.

Table 4. Summary of Employee Benefits

Category	Amount
Holiday Earned (88 hours per employee)	\$31,245
Vacation Leave (80, 120, Or 160 hours per employee)	\$47,817
Sick Leave Earned (96 hours per employee)	\$34,085
Personal Days Earned (24 hours per employee)	\$8,521
Subtotal	\$121,668
Health	\$213,339
Dental	\$12,431
Vision	\$2,538
Employee Assistance Program	\$500
Insurance	\$3,305
Disability	\$6,572
Subtotal	\$238,685
Director Car Allowance (\$500 per month)	\$6,000
Longevity	\$6,000
Professional Memberships & Continuing Education	\$8,100
Deferred Compensation (5% of annual salary)	\$38,540
DART Unlimited Access (flat fee)	\$1,425
Subtotal	\$60,065
FICA	\$59,520
FUTA	\$504
IPERS	\$71,640
Subtotal	\$131,664
TOTAL FRINGE BENEFITS	\$552,082
Allocation Base:	
Total Salaries	\$741,359
Less: Annual Paid Leave	\$121,668
Chargeable Salaries	\$619,691
Employee Fringe Benefit Rate	
Fringe Benefits	\$552,082
Allocation Base	\$619,691
FRINGE RATE	89.09%

General Expenses

The Des Moines Area MPO's general expenses are treated as indirect costs and pooled. Actual general expense costs are summarized each month and used to calculate an indirect rate. The costs are then charged proportionately to each work element in the Des Moines Area MPO's work program based on that month's indirect rate as shown in Figure 5. A full list of general expense categories is included in Table 5.

Not all general expense categories are deemed allowable federal costs. The Des Moines Area MPO has determined that a portion of the Computer/Software costs, and all of Equipment and Lobbying costs, are non-allowable federal costs, and will not charge these costs to a grant or contract.

Figure 5: Indirect Cost application to work elements.

Other Direct Costs

The FY 2022 budget includes other direct, non-personnel costs for specific work activities. These costs include:

- Travel model consulting assistance (\$10,000)
- Speaker series budget for speaking fees and travel accommodations (\$15,000)
- Strategic plan consultant (\$5,000)
- Data purchase for the Container Locator project (\$15,000)

These other direct costs are not used when determining the indirect cost rate and indirect costs are not applied to these activities.

Table 5. Statement of Projected Total Costs – MPO Operations

Budget Category	Total Cost	Ineligible Indirect Costs	Eligible Indirect Costs	Direct Costs
Salaries	\$619,691	\$0	\$0	\$619,691
Wages	\$60,880	\$0	\$0	\$60,880
Fringe Benefits	\$552,082	\$0	\$0	\$552,082
Total Personnel Costs	\$1,232,653	\$0	\$0	\$1,232,653
Facilities	\$148,650	\$0	\$148,650	\$0

Total Non-Personnel Costs	\$522,970	\$55,000	\$422,970	\$45,000
TOTAL	\$1,755,623	\$55,000	\$422,970	\$1,277,653

*Passthrough costs for the Transload project (\$15,091,250) and the Water Trails project (\$31,875,000) are not included.

Table 6 identifies the methodology used for projecting the annual indirect cost rate for purposes of developing the upcoming fiscal year's budget. As previously noted, the Des Moines Area MPO will calculate and adjust this indirect cost rate monthly to reflect both the incurred indirect costs and the incurred total direct salaries, wages, and fringe benefit costs for that specific month.

Table 6. Indirect Cost Rate Calculation

Eligible Indirect Costs	\$422,970
Total Direct Salaries, Wages, and Fringe Benefits	<u>\$1,232,653</u>
<i>Salaries</i>	<i>\$619,691</i>
<i>Wages</i>	<i>\$60,880</i>
<i>Fringe Benefits</i>	<i>\$552,082</i>
INDIRECT RATE	34.31%

Table 7. Summary of Projected Work Program Costs and Hours

RESOLUTION FY 2020-57

WHEREAS, the Des Moines Area Metropolitan Planning Organization is established under Chapter 28E of the Code of Iowa;

WHEREAS, the Des Moines Area Metropolitan Planning Organization is the designated metropolitan planning organization for the Des Moines metropolitan area;

NOW, THEREFORE, BE IT RESOLVED by the Des Moines Area Metropolitan Planning Organization that:

The Des Moines Area Metropolitan Planning Organization approves the Executive Committee's recommendation to approve the Fiscal Year 2022 Unified Planning work Program and budget.

Done this 20th day of May 2021.

Joe Gatto - Chair

Des Moines Area Metropolitan Planning Organization Chair

Certificate of Indirect Cost Proposal/Indirect Costs

This is to certify that I have reviewed the indirect cost proposal submitted herewith and to the best of my knowledge and belief:

- (1) All costs included in this proposal dated March 1, 2021, to establish a Cost Allocation Plan for the time period beginning July 1, 2021, and ending June 30, 2022, are allowable in accordance with the requirements of the Federal awards to which they apply and with Subpart E—Cost Principles of Part 200 as they apply to my Governmental Organization.
- (2) This proposal does not include any costs which are unallowable under Subpart E—Cost Principles of Part 200 such as (without limitation): public relations costs, contributions and donations, entertainment costs, fines and penalties, lobbying costs, and defense of fraud proceedings; and
- (3) All costs included in this proposal are properly allocable to Federal awards on the basis of a beneficial or causal relationship between the expenses incurred and the Federal awards to which they are allocated in accordance with applicable requirements. Further, the same costs that have been treated as indirect costs have not been claimed as direct costs. Similar types of costs have been accounted for consistently.

Subject to the provisions of the Program Fraud Civil Remedies Act of 1986, (31 USC 3801 et seq.), and the Department of Labor's implementing regulations, (29 CFR Part 22), the False Claims Act (18 USC 287 and 31 USC 3729); and the False Statement Act (18 USC 1001), I declare to the best of my knowledge that the foregoing is true and correct.

MPO/RPA Self-Certification of Procurement and Consultant Selection Procedures

This is to certify that I have reviewed the [Iowa DOT Purchasing Rules](#) (Iowa Administrative Code 761, Chapter 20) and will ensure procurements or the selection of consultant firms for projects to be reimbursed with federal transportation planning funds will follow the policies and procedures outlined in the above-referenced purchasing rules.

Further, I certify that the following requirements will be adhered to for procurements and consultant services to be reimbursed with federal transportation planning funds.

- Capital expenditures, including the purchase of equipment, will be a separate line item in an approved Transportation Planning Work Program (TPWP) if the anticipated total cost exceeds \$5,000.
- An approved TPWP will specify that a project will involve consultant services prior to initiating the consultant selection process.
- Our agency will document the procedures utilized for the procurement or consultant selection, and will retain this documentation on file for a minimum of three years.
- When reimbursement is requested for capital expenditures or consultant services, we will provide our District Planner and the Bureau of Systems Planning, through email or hard copy, invoices documenting the expenditure(s) at the time the associated reimbursement request is submitted.

I declare to the best of my knowledge and ability that we will adhere to the above requirements.

Performance Management Agreement Between the Des Moines Area MPO and the Iowa Department of Transportation

On May 27, 2016, the final rule for statewide and metropolitan transportation planning was published, based on 2012's Moving Ahead for Progress in the 21st Century (MAP-21) Act and 2015's Fixing America's Transportation System (FAST) Act. As part of this final rule, [23 CFR 450.314 \(h\)](#) was amended to state:

- (h)(1) The MPO(s), State(s), and the providers of public transportation shall jointly agree upon and develop specific written provisions for cooperatively developing and sharing information related to transportation performance data, the selection of performance targets, the reporting of performance targets, the reporting of performance to be used in tracking progress toward attainment of critical outcomes for the region of the MPO (see §450.306(d)), and the collection of data for the State asset management plan for the NHS for each of the following circumstances:
- (i) When one MPO serves an urbanized area;
 - (ii) When more than one MPO serves an urbanized area; and
 - (iii) When an urbanized area that has been designated as a TMA overlaps into an adjacent MPA serving an urbanized area that is not a TMA.
- (2) These provisions shall be documented either:
- (i) As part of the metropolitan planning agreements required under paragraphs (a), (e), and (g) of this section; or
 - (ii) Documented in some other means outside of the metropolitan planning agreements as determined cooperatively by the MPO(s), State(s), and providers of public transportation.

In 2017, the following three-pronged approach was cooperatively developed to address 23 CFR 450.314 (h). This approach provides a regular opportunity to review and update coordination methods as performance management activities occur, which offers an adaptable framework as performance-based planning and programming evolves.

- Agreement between the Iowa DOT and MPOs on applicable provisions through documentation included in each MPO's TPWP.
- Agreement between the Iowa DOT and relevant public transit agencies on applicable provisions through documentation included in each public transit agency's consolidated funding application.
- Agreement between each MPO and relevant public transit agencies on applicable provisions through documentation included in the appropriate cooperative agreement(s) between the MPO and relevant public transit agencies.

Inclusion of the following language in an MPO's TPWP, and that TPWP's subsequent approval by Iowa DOT, constitutes agreement on these items.

The Iowa DOT and the Des Moines Area MPO agree to the following provisions. The communication outlined in these provisions between the MPO and Iowa DOT will generally be through the statewide planning coordinator in the Bureau of Systems Planning.

1) Transportation performance data

- a. The Iowa DOT will provide MPOs with the statewide performance data used in developing statewide targets, and, when applicable, will also provide MPOs with subsets of the statewide data, based on their planning area boundaries.
- b. If MPOs choose to develop their own target for any measure, they will provide the Iowa DOT with any supplemental data they utilize in the target-setting process.

2) Selection of performance targets

- a. The Iowa DOT will develop draft statewide performance targets for FHWA measures in coordination with MPOs. Coordination may include in-person meetings, web meetings, conference calls, and/or email communication. MPOs shall be given an opportunity to provide comments on statewide targets and methodology before final statewide targets are adopted.
- b. If an MPO chooses to adopt their own target for any measure, they will develop draft MPO performance targets in coordination with the Iowa DOT. Coordination methods will be at the discretion of the MPO, but the Iowa DOT shall be provided an opportunity to provide comments on draft MPO performance targets and methodology prior to final approval.

3) Reporting of performance targets

- a. Iowa DOT performance targets will be reported to FHWA and FTA, as applicable. MPOs will be notified when Iowa DOT has reported final statewide targets.
- b. MPO performance targets will be reported to the Iowa DOT.
 - i. For each target, the MPO will provide the following information no later than 180 days after the date the Iowa DOT or relevant provider of public transportation establishes performance targets, or the date specified by federal code.
 1. A determination of whether the MPO is 1) agreeing to plan and program projects so that they contribute toward the accomplishment of the Iowa DOT or relevant provider of public transportation performance target, or 2) setting a quantifiable target for that performance measure for the MPO's planning area.
 2. If a quantifiable target is set for the MPO planning area, the MPO will provide any supplemental data used in determining any such target.
 3. Documentation of the MPO's target or support of the statewide or relevant public transportation provider target will be provided in the form of a resolution or meeting minutes.
- c. The Iowa DOT will include information outlined in [23 CFR 450.216 \(f\)](#) in any statewide transportation plan amended or adopted after May 27, 2018, and information outlined in [23 CFR 450.218 \(q\)](#) in any statewide transportation improvement program amended or adopted after May 27, 2018.
- d. MPOs will include information outlined in [23 CFR 450.324 \(f\) \(3-4\)](#) in any metropolitan transportation plan amended or adopted after May 27, 2018, and information outlined in [23 CFR 450.326 \(d\)](#) in any transportation improvement program amended or adopted after May 27, 2018.
- e. Reporting of targets and performance by the Iowa DOT and MPOs shall conform to [23 CFR 490](#), [49 CFR 625](#), and 49 CFR 673.

4) Reporting of performance to be used in tracking progress toward attainment of critical outcomes for the region of the MPO

- a. The Iowa DOT will provide MPOs with the statewide performance data used in developing statewide targets, and, when applicable, will also provide MPOs with subsets of the statewide data, based on their planning area boundaries.

5) The collection of data for the State asset management plans for the NHS

- a. The Iowa DOT will be responsible for collecting bridge and pavement condition data for the State asset management plan for the NHS.
