Item No. 5**ISSUE: Draft *Fiscal Year 2022 Audit***

PRESENTATION: Presentation and discussion of the draft *Fiscal Year 2022 Audit*.

BACKGROUND:

Denman & Company has completed the *Fiscal Year 2022 Audit* of the MPO's Finances. The MPO staff has reviewed the initial findings of the report and found no instances of noncompliance with federal requirements. The MPO's Finance Subcommittee also reviewed and discussed the audit with Denman & Company at its February 3rd meeting, as did the MPO Executive Committee at its February 8th meeting.

[The FY 2022 Audit is available to view on the MPO's website \(click to access\).](#)

Future Actions

- The Executive Committee will be asked to vote on the *Fiscal Year 2022 Audit* at its March meeting.
- The *Fiscal Year 2022 Audit* will be filed with the State of Iowa by the April 1, 2023, deadline.
- The *Fiscal Year 2022 Audit* will be filed with the Federal Audit Clearinghouse.

RECOMMENDATION:

None. Presentation only.

February 2023
Item No. 6**ISSUE: Election of Calendar Year 2023 Officers**

REPORT and VOTE: Consider approval of the Nominating Committee's recommended slate of officers for CY 2023.

BACKGROUND:

The MPO Chair annually appoints a nominating committee to recommend a slate of candidates to serve on the Executive Committee. Chair Bob Andeweg appointed the following to serve on the nominating committee:

- Mark Holm, City of Ankeny, Chair;
- Jeff Walters, City of Polk City; and,
- Tom Hadden, City of West Des Moines

The committee met on February 2nd and voted to nominate the current MPO officers to another year of service. Current officers include:

- Bob Andeweg, City of Urbandale, Chair;
- Stephanie Riva, City of Norwalk, Vice-Chair; and,
- Ted Weaver, City of Clive, Secretary/Treasurer

The nominating committee's slate of candidates will be on the February Policy Committee meeting agenda for a vote, at which point additional nominations may be offered for consideration.

RECOMMENDATION:

Committee Action: Executive Committee approved at its February 8, 2023, meeting.

Recommend approval of the Nominating Committee's slate of officers for CY 2023.

February 2023
Item No. 7

ISSUE: Contract for Travel Demand Model Consultant Services

REPORT and VOTE: Consider approval of a contract with HDR, Inc., for an update to the MPO's Travel Demand Model.

BACKGROUND:

The MPO is required to maintain a regional travel demand model. The model is a tool in transportation planning that is used to replicate existing travel characteristics of the metropolitan area and then model the impact that changes to the system may have on regional travel. These changes can include things like socioeconomic and demographic changes, changes to the roadway and transit network, and changes in cost of travel. The model is routinely used by the MPO staff, the Iowa Department of Transportation (DOT), and MPO member communities in various studies and planning efforts such as Interchange Justification Reports, corridor studies, and comprehensive planning.

While the MPO routinely updates the travel demand model, it traditionally undertakes a more intensive update at the beginning of the long-range transportation plan's development. The MPO staff is now beginning the update to the long-range transportation plan, which is due in late 2024. During these intensive updates, the MPO works closely with the Iowa DOT as well as a consultant team. The MPO has used HDR, Inc., for this assistance in the past and would like to continue this relationship for this model update.

[The draft Scope of Work and Fee Schedule for the Travel Demand Model Update is available to view on the MPO's website \(click to access\).](#)

Past Actions

The *Fiscal Year 2023 Unified Planning Work Program (UPWP)* and Budget, approved by the MPO board in May 2022, includes funding to begin this project. As noted, the MPO has approved contracts with HDR, Inc., in the past for similar efforts, which were completed successfully.

Future Actions

The next steps in this process will include:

- Obtaining signatures for the approved contract;
- Working with HDR, Inc., the Iowa DOT, and member communities on the model update;
- Including remaining funding necessary to continue the model update in the FY 2024 UPWP and budget;
- Periodically approving the payment of invoices for work completed; and,
- Using the model to help develop the long-range transportation plan update, as well as making the model data available to the Iowa DOT and member communities for their use

Financial Impacts

The total contract cost with HDR, Inc., for the model update is \$71,561.00. Of this cost, \$25,000 will be expended in the remainder of FY 2023 and the balance of \$46,561 in FY 2024. The FY 2023 budget included \$10,000 for travel demand model consulting. Staff proposes that the remaining \$15,000 in funding for the FY 2023 portion of the project to be provided by transferring unexpended funds from other budget items.

RECOMMENDATIONS:

Committee Action: Executive Committee approved at its February 8, 2023, meeting.

Recommend approval for staff to enter a contract with HDR, Inc., for travel demand model consulting services.

Item No. 8

ISSUE: Green Iowa AmeriCorps Opportunity

REPORT and VOTE: Consider approval of the MPO becoming a host site for the Resilient Iowa Communities Branch of the Green Iowa AmeriCorps program.

BACKGROUND:

The University of Northern Iowa's Center for Energy and Environmental Education (UNI-CEEE) has approached MPO staff about becoming a host site for the [Resilient Iowa Communities Branch](#) of their [Green Iowa AmeriCorps](#) program.

[AmeriCorps](#) is the federal agency connecting individuals and organizations through service and volunteering to tackle the nation's most pressing challenges. Every year, 75,000 AmeriCorps members serve through thousands of non-profit, community, and faith-based organizations, joining more than 1.2 million Americans who've taken the pledge to "get things done" since the program's inception in 1994.

Green Iowa AmeriCorps is part of the State/National branch of AmeriCorps. Green Iowa AmeriCorps is part of the State/National branch of AmeriCorps. Their state-wide community service program operates out of the University of Northern Iowa's Center for Energy and Environmental Education. The program was originally founded in 2009 to address sustainable usage of energy resources in several Iowan communities as they struggled to rebuild from a series of devastating floods in 2008. Since then, Green Iowa AmeriCorps has been an active community partner and has expanded to many communities across the state.

As a Resilient Iowa Communities host site, the MPO could take on members to work alongside MPO staff and member governments to further sustainability actions/goals related to transportation, energy, waste, land use, climate and air quality, stormwater, and so forth. These members would provide boots-on-the-ground support for the MPO and its members for data collection, analysis, interpretation, and community engagement. Specific to the MPO, transportation-related projects could include assisting in the development of:

- Greenhouse gas emissions corridor analyses;
- Regional Carbon Reduction Plan;
- Transportation system resiliency analyses;
- Electric vehicle planning, including workshops, events, surveys, and analysis;
- Projects applicable to IJJA programs such as PROTECT, Charging & Fueling Infrastructure programs;
- Mode-choice surveys, analysis, and pilot projects attempting mode-shift;
- Member community greenhouse gas emissions inventory updates;
- Passenger transportation amenity needs analysis for transit mode-choice shift;

Through this partnership, Green Iowa AmeriCorps would provide the MPO with 2-3 full time members starting Spring 2023 through September 2023, and up to 2 summer members May through September 2023. Green Iowa AmeriCorps would provide all human resources needs for members, including hiring, payroll, etc.

In return, the MPO would provide members appropriate office space, technology, & supplies; travel reimbursement if the member uses own car for project work; and, a designated supervisor who meets weekly with members, approves timesheets, & provides resources/guidance needed to be successful in the role;

Additionally, the MPO would:

- Pay \$4,000 to UNI CEEE/GIAC for Spring through September partnership;
- Release members in case of Iowa Disaster Cadre disaster response efforts are necessary;
- Release members for AmeriCorps program training(s) and Day of Service;
- Display “AmeriCorps member serving here” signage;
- Allow members to wear AmeriCorps uniforms while in service;
- Allow member email signature to include “Green Iowa AmeriCorps”

Finally, if MPO governance approves this partnership, there is an opportunity to apply for a full-year extension from September 2023-August 2024 in similar work program areas. The above partnership roles would still apply, but the cost would be \$8-10,000.

MPO staff has reached out to the Iowa Department of Transportation to determine if Carbon Reduction Strategy or other MPO DOT-reimbursable funding can/should be used to support this partnership fiscally or if payment would need to be from local sources. Iowa DOT has referred the MPO staff inquiry to the regional Federal Highway Administration Contact, Darla Hugaboom, and we are awaiting their reply.

Financial Impacts

As noted, the cost to the MPO to host AmeriCorps staff would be \$4,000 for the initial timeframe of Spring through September 2023. This cost would be split between the current FY 2023 budget and the FY 2024 budget. The MPO’s current budget includes \$40,000 for intern-related expenses. If the MPO agrees to be a host site, it would reduce or potentially eliminate the need to budget for intern-related costs in FY 2024.

RECOMMENDATION:

Committee Action: Executive Committee approved at its February 8, 2023, meeting.

Recommend approval of the MPO proceeding with the process to become a host site for the Resilient Iowa Communities Branch of their Green Iowa AmeriCorps program.

ISSUE: FFY 2023-2026 Transportation Improvement Program Amendments

REPORT and VOTE: Consider approval of an amendment request to the *Federal Fiscal Year 2023-2026 Transportation Improvement Program* from the City of Des Moines.

BACKGROUND:

The MPO staff is proposing the following amendments to the *FFY 2023-2026 Transportation Improvement Program*:

Sponsor: City of Des Moines

Project: Walnut Street Bridge Replacement

Federal Aid Amount: \$3,400,000

Total Cost: \$11,000,000

Type of Funding: STBG

Change: Move project to FFY 2024 and increase total cost to \$21,000,000

RECOMMENDATIONS:

Committee Actions:

- Technical Committee approved at its February 2, 2023, meeting;
- Executive Committee approved at its February 8, 2023, meeting.

Recommend approval of the proposed *Federal Fiscal Year 2023-2026 Transportation Improvement Program* amendment request.

Item No. 10**ISSUE: MPO Appointment to SUDAS Board of Directors**

REPORT: Report regarding the nomination of a technical representative to the Statewide Urban Designs and Specifications Board of Directors.

BACKGROUND:

The MPO periodically appoints a technical representative to serve as the MPO's representative to the Statewide Urban Designs and Standards (SUDAS) Board of Directors. The SUDAS representative is required to be a licensed professional engineer (P.E.). Mark Mueller, with the City of Ankeny, has been the MPO's representative since August 2016. Mr. Mueller's term is expiring, and he has offered to continue serving in this role if the board reappoints him.

RECOMMENDATION:

Committee Actions:

- Technical Committee approved at its February 2, 2023, meeting;
- Executive Committee approved at its February 8, 2023, meeting.

Recommend reappointment of Mark Mueller as the MPO representative on the Statewide Urban Design and Specifications Board of Directors.

Item No. 11

ISSUE: Iowa DOT 2019-2023 Safety Performance Targets (PM1)

REPORT: Report on the Iowa DOT's 2019-2023 safety performance targets.

BACKGROUND:

As part of the Federal Highway Administration's (FHWA) Highway Safety Improvement Program (HSIP), MPOs can either (1) support their state department of transportation's (DOT) targets or (2) establish their own targets for their planning area. In August 2022, the Iowa DOT established statewide safety performance targets for the 2019-2023-period. The Des Moines Area MPO has 180 days, or until February 27, 2023, to either support the Iowa DOT's statewide targets or set its own regional targets. There are no penalties for MPOs that do not meet or make significant progress towards the safety performance targets. Previously, the Des Moines Area MPO adopted the Iowa DOT's statewide safety performance targets.

Performance Measure	Five-year Rolling Averages	
	2017-2021 Baseline	2019-2023 Target
Number of Fatalities	337.2	351.4
Fatality Rate*	1.029	1.073
Number of Serious Injuries	1,376.4	1,398.2
Serious Injury Rate*	4.193	4.264
Non-Motorized Fatalities and Serious Injuries	130.0	134.4

**Rates are per 100 million vehicle miles traveled (VMT)*

RECOMMENDATIONS:

Committee Actions:

- Technical Committee approved at its February 2, 2023, meeting;
- Executive Committee approved at its February 8, 2023, meeting.

Recommend approval of the Iowa DOT 2019-2023 Safety Performance Targets (PM1).

ISSUE: Iowa DOT 2022-2025 Pavement and Bridge Performance Targets (PM2)

REPORT: Report on the Iowa DOT's 2022-2025 pavement and bridge performance targets.

BACKGROUND:

The Moving Ahead for Progress in the 21st Century (MAP-21) Act and the Fixing America's Surface Transportation (FAST) Act established pavement and bridge conditions national performance measures (PM2) for state department of transportation (DOT) and metropolitan planning organizations (MPOs). Targets are set every 2 and 4 years, with the first targets set in calendar year (CY) 2018 for the CY 2018-2021 performance period. For the second reporting period of CY 2022-2025, the Iowa DOT set its 2- and 4-year PM2 targets in October 2022. The Des Moines Area MPO has 180 days, or until April 1, 2023, to support the Iowa DOT's statewide 4-year targets or set its own regional targets. There are no penalties for MPOs that do not meet or make significant progress towards the performance targets. Previously, the Des Moines Area MPO adopted the Iowa DOT's statewide pavement and bridge performance targets.

	Topic	Performance measure(s)	Baseline (CY 2021 data)	Proposed 2-year target (CY 2023 data)	Proposed 4-year target (CY 2025 data)
PM2	Pavement	Percentage of pavements of the Interstate System in Good condition	58.8%	55.0%	55.0%
		Percentage of pavements of the Interstate System in Poor condition	0.4%	3.0%	3.0%
		Percentage of pavements of the non-Interstate NHS in Good condition	37.9%	35.0%	35.0%

Item No. 14

ISSUE: Safe Streets and Roads for All Grant Award Announcement

REPORT: Update on the Safe Streets and Roads for All Grant awarded to the Des Moines Area MPO.

BACKGROUND:

On January 31, 2023, the MPO staff was informed by Senator Grassley's office that the MPO has been awarded a \$1,000,000 Safe Streets and Roads for All grant. This is a joint award that includes \$800,000 for the MPO and \$200,000 for the CIRTPA region. The funds will be used to develop a comprehensive safety action plan for the region, which will set goals on reducing roadway fatalities and serious injuries, conduct a safety analysis, identify policy and process changes, and identify projects and strategies for implementation. By developing a comprehensive safety action plan, the MPO and its communities will be eligible for further implementation dollars through the US DOT Safe Streets for All program in future years. The MPO's action plan will complement the City of Des Moines' Vision Zero planning effort, already underway.

Past Actions

The Policy Committee previously voted on this item at the August 18, 2022, meeting. The Policy Committee provided approval for the MPO staff to submit the grant application with a total request of \$800,000 in federal funds and \$200,000 in local match coming from a combination of MPO reserve funds and Iowa DOT funding support. The MPO staff has since learned that the DOT is willing to provide \$10,000 in state funding to match this grant.

At the November 2022 Policy Committee meeting, staff provided an update on the SS4A grant. Staff informed the Policy Committee that the US DOT had reached out to MPO staff and suggested that the MPO and CIRTPA have a joint grant agreement to improve the efficiency of the grant management process. Each organization could still have a separate RFP process but grant administration would be handled by the MPO. The Committee was agreeable to this and staff proceeded to update the grant application as directed by US DOT.

Future Actions

The next steps in this process will include:

- Finalizing and distributing a request for proposals (RFP) for consultant services;
- Approve funding agreement with the US DOT;
- Select a consultant and enter into a contract for services; and,
- Amending the MPO's *Fiscal Year 2023 Unified Work Program* and Budget to include the funding

Financial Impacts

As noted, the MPO's portion of the grant will require a 20 percent local match, or \$200,000. With the Iowa DOT support of \$10,000, the MPO must provide \$190,000 in matching funds. The MPO agreed to use reserve funds for the source of this match. The MPO's FY 2023 budget anticipates approximately \$1,200,000 in reserve funds at the end of this fiscal year, of which approximately \$632,000, or three months of operating costs, is required to be held back for an operating reserve. This leaves a cash balance of approximately \$568,000 from which the \$190,000 local match can be obtained. This reserve figure will be refined with the completion of the FY 2022 audit.

Item No. 15**ISSUE: Fiscal Year 2023 2nd Quarter Budget Report**

REPORT: Update on the 2nd quarter expenditures for Fiscal Year 2023.

BACKGROUND:

The MPO staff has developed a status report for the Fiscal Year 2023 budget. The report compares expenditures as compared to budgeted amounts through the first two quarters of the year. The MPO's Finance Subcommittee also reviewed this information at its February 3rd meeting.

Both the Finance Subcommittee and the Executive Committee discussed updating the quarterly budget report to provide more information. Staff is working with the Finance Subcommittee to make improvements for future reports.

The 2nd quarter budget report is included on the following page.

February 2023
Item No. 17**ISSUE: *Fiscal Year 2024 Unified Planning Work Program* and Budget Development**

REPORT: Discussion of the process to develop the next work program and budget.

BACKGROUND:

MPO staff is beginning to develop the *Fiscal Year 2024 Unified Planning Work Program* (FY 2024 UPWP) and budget, which will document all planning activities the MPO will perform from July 1, 2023, through June 30, 2024. The Iowa Department of Transportation (DOT) requires the UPWP to describe the MPO's proposed planning activities – including task objectives, previous work, project descriptions, and work products – as well as the budget and funding sources to carry out the planning activities. The Iowa DOT requires the MPO to submit a draft UPWP by April 1, 2023, and a final UPWP by June 1, 2024.

The MPO staff asks for input from member governments and participating agencies on planning tasks for FY 2024 throughout the development of the UPWP. In particular, MPO staff would welcome any proposals for special studies, plans, or other activities, as well as requests for local planning assistance.

The MPO's Finance Subcommittee met on February 3rd and reviewed initial FY 2024 budget figures. MPO staff will provide additional budget information at the February meeting.

Item No. 18**ISSUE: FFY 2024-2027 Transportation Improvement Program Development**

REPORT: Report on the process to develop the *Federal Fiscal Years 2024-2027 Transportation Improvement Program*.

BACKGROUND:

The Federal Highway Administration (FHWA) requires that the MPO annually develop a four-year Transportation Improvement Program (TIP) that details the use of federal funds for transportation projects in the Metropolitan Planning Area.

The MPO staff will begin working on the *Federal Fiscal Years 2024-2027 Transportation Improvement Program* (FFY 2024-2027 TIP) by providing each MPO member government and participating agency a listing of their current TIP projects and associated information from the Iowa Department of Transportation's Transportation Program Management System (TPMS) for review and update.

The MPO staff requests that member governments and agencies determine if projects currently programmed for FFY 2023 will receive FHWA authorization to proceed with development before October 1, 2023. If a project does not receive FHWA authorization before October 1, 2023, then the project will need to "roll-over" to a future year in the TIP.

The MPO staff distributes status reports to member governments that currently have projects programmed in the TIP. Over the coming months, staff will contact each of these member governments to discuss the details of their respected projects.
